

Guide for oral presentation

- Oral presentations will be made using a PC.
- PC for the presentation is prepared on the venue, but it is also possible to present using presenter's own PC.
- If you use the PC in the venue, prepare the USB where you saved the file for the presentation made by the PowerPoint, or copy the file on the PC in the venue up to 11:00AM on July 27.
- In the case of Macintosh PC, a connector must be prepared by the presenter.
- In the session of the Materials and Chemistry (MC), Electronics and Information Technology (EI) and Civil Engineering (CE), presentation time is 20 minutes including a question-answer.
- In the session of the Life and Food Science (LF), presentation time is 15 minutes including a question-answer. But the time of presentation made by students of Kansai University is 10 minutes.
