

平成 24 年度 外国語学部 特任外国語講師によるワークショップ

日時：10月30日（火）12:15～12:55

場所：岩崎記念館4階 多目的ホール2

テーマ：**Assessing student needs in class**（学生のニーズを見極めよう）

講師：ブレント・コッツワース先生（外国語学部特任外国語講師）

概要：This faculty development workshop will explore the different ways teachers can assess various student needs and deficiencies in class through various styles of simple yet effective in-class action research. This meeting will give examples of how to actively find information about your students and what their needs are in order to have a student-centered teaching style. Each individual teacher does not have to be a researcher in the pure sense of the word in order to obtain essential information in the interest of a more effective class for both students and the teacher. This workshop will suit both aspiring teachers and professional teachers who want to get ideas on how to determine student needs through actively exploring in class.

事前申込は不要です。学内の専任教員、非常勤講師、外国語教育に関心のある学部生・院生のご参加をお待ちしています。
