

BestA is a small-group business English program originally conceived by York St. John University of the UK exclusively for Kansai University's Faculty of Commerce. The completion of BestA grants 4 credits required for graduation.

Dianne Willcocks

(ヨーク・セント・ジョン大学学長 ダイアン・ウィルコックス)

I am delighted that Kansai University and York St John University are now in their third year of partnership, and working towards another Business English summer programme to be held at our beautiful campus here in the historic city of York. There can be no better place than York to spend your summer. The city centre, in which our campus is situated, attracts some 4 million tourists each year to its historic sites, museums, shopping streets and night-life.

Last year's Business English Programme, carefully designed by professors from both universities, was a great success and achieved a balance of enjoyable classroom activities to help students extend their business English, and relevant activities in the community, all of which our students from Kansai found stimulating and thought-provoking. Our International Centre offers a truly international environment: you will find there are many opportunities to mix with other nationalities and share the Japanese culture with other young people from all over the world and, we hope, make lasting friendships across continents.

I do hope you will consider joining our summer programme and we look forward to welcoming you to York St John.
