

Guide for poster presentation

Common to all of the sessions

- The size of the poster is A0 (vertical 1189 mm x horizontal 841 mm).
- Posters must be presented to a panel that their presentation number (see the program) is shown.
- Thumbtack to display posters is prepared by the secretariat of the symposium

Session of the Materials and Chemistry (MC), Life and Food Science (LF) and Civil Engineering (CE)

- Posters must be displayed in the morning of July 27.
- Short speech is made for 3 minutes using the PowerPoint at 9:00 to 10:30AM on July 28.
- Files for the short speech must be saved on the PC next to the registration desk by 15:00 on July 27. The file name is the presentation number.
- Room for the short speech is shown in the venue of the symposium.

Session of the Electronics and Information Technology (EI)

- As announced by professor Kajikawa, poster presentation is made in two shifts.
- Posters must be displayed to the specified time.
