# Privacy Policy

With regards to personal information received on application which is liable to specify the individual (hereafter “Personal Information”), Kansai University Graduate School (hereafter “the Graduate School”) will treat the information carefully in accordance with applicable laws and the Kansai University Graduate School Privacy Policy.

The Kansai University Graduate School Privacy Policy can be found on the top page of the Graduate School’s website (<https://www.kansai-u.ac.jp>) under “Privacy Policy.”

## 1. Use of Personal Information

Personal Information from applicants is used only for the following purposes:

- (1) To administrate entrance examinations (to receive applications, and to operate entrance examinations)
- (2) To announce examination results
- (3) To complete procedures up to enrollment

## 2. Management of Personal Information

The Graduate School has assigned a personal information protection administrator to ensure that Personal Information from applicants for the three purposes listed above is managed carefully and deleted appropriately in accordance with applicable laws and ordinances after a fixed period of custody.

## 3. Sharing of Personal Information

The Graduate School will share some Personal Information with Kansai University Kyosaikai (an affiliated organization of Kansai University for mutual-aid program) to enhance student life on campus.

《Sharing of Personal Information and its purpose》

Administrative numbers, names, address, phone number, dates of birth, assigned graduate school, major, and course for verifying the payment of the enrollment and registration fees to the above affiliated organization.

## 4. Disclosure of Personal Information to Third Parties

The Graduate School will not share Personal Information with third parties without consent of the applicant, except when compelled by laws and ordinances.

## 5. Sharing of Personal Information with Contractors

The Graduate School may share some Personal Information with contractors in order to carry out the operations described in 1 above. In such cases it shall contract them to handle the Personal Information appropriately based on its Privacy Policy.

## 6. Statistical Data on Entrance Examinations

The Graduate School compiles statistical data about entrance examinations but does not identify applicants. This data will be used for individuals interested in the Graduate School, and utilized to analyze the Graduate School’s future entrance examinations.

## 7. Disclosure, Correction, and Deletion of the Personal Information

When requested by an applicant to disclose, correct, or delete his or her Personal Information, the Graduate School will accommodate that request promptly in accordance with applicable laws, rules, and other guidelines after verifying the applicant. Data pertaining entrance examination score will not be disclosed.

## 8. Inquiries

Inquiries concerning applicants’ Personal Information, including requests to disclose, correct, or delete it, will be directed to Graduate School Admissions Division of Kansai University Entrance Examination Center.

Graduate School Admissions Division  
Kansai University Entrance Examination Center  
3-3-35 Yamate-cho, Suita-shi, Osaka Prefecture 564-8680 Phone: 06-6368-1121 (main)

This requirement shall not apply to the foreigners who are recognized as having received Japanese regular school education program.

## Admission Schedule for 2025 Academic Year

### ○Spring Semester

Step		Deadline and Period
		February Examination
①	Advanced Contact	November 29 (Fri), 2024
②	Payment of Application Fee	December 20 (Fri), 2024 to January 10 (Fri), 2025
③	Submission of Required Documents for Application	
④	Notification of Admission	February 28 (Fri), 2025
⑤	Enrollment Step I- (1)	February 28 (Fri) to March 17 (Mon), 2025
	Enrollment Step I- (2) and II	

### ○Fall Semester

Step		Deadlines and Period	
		February Examination	June Examination
①	Advanced Contact	November 29 (Fri), 2024	April 11 (Fri), 2025
②	Payment of Application Fee	December 20 (Fri), 2024 to January 10 (Fri), 2025	April 24 (Thu) to May 8 (Thu), 2025
③	Submission of Required Documents for Application		
④	Notification of Admission	February 28 (Fri), 2025	June 13 (Fri), 2025
⑤	Enrollment Step I- (1)	April 1 (Tue) to April 15 (Tue), 2025	June 13 (Fri) to June 27 (Fri), 2025
	Enrollment Step I- (2) and II	August 21 (Thu) to September 4 (Thu), 2025	

## Admissions Flow

①	Advanced Contact	Send your CV to a professor you wish to be supervised by E-mail, noting your research interests in the Graduate School. The professor will arrange either in-person or online meeting with you for discussing your research plan. If the professor agrees to be your supervisor, he/she will send you a Confirmation Letter as an attachment on an E-mail. This letter must be included in the application documents (see "Application Documents"). Please remember that the Confirmation Letter will not be issued if the professor does not recognize that you satisfy the Qualifications for Application, nor that he/she is a right person to supervise you in terms from his/her academic concern. The Confirmation Letter only confirms the professor agreed to be your supervisor. Please note that the Confirmation Letter does NOT guarantee your admission.
②	Payment of Application Fee	After receiving the Confirmation Letter, pay the Application Fee during the designated period.
③	Submission of Required Documents for Application	Submit all of your application documents to Muse Office by the deadline. After sending the application documents, please inform us your tracking number to Muse Office via E-mail.
④	Notification of Admission	Admission results will be sent to the applicant by international delivery service on the designated date.
⑤	Enrollment Step I- (1)	Admitted applicants should pay Admission Fees by the deadline.
	Enrollment Step I- (2) and II	Admitted applicants should pay Tuition and Other Fees, and submit required documents for enrollment by the deadline.

## Submission of Application Documents

Send the application documents to Muse Office. DO NOT FOLD the documents. Applicants should use an envelope large enough not to fold them. All documents must reach to the office by the deadline.

### For Applicants inside Japan

Choose either way of submission.

#### [By Hand]

Visit Muse Office at Takatsuki Muse Campus, Kansai University and submit your application documents in person. Office counter is open between 10:00 am and 4:00 pm during the designated period. Please be noted that the office will be closed on Sundays, national holidays, and winter holidays from December 26 (Thu), 2024, to January 5 (Sun), 2025.

#### [By Mail]

Mail your application documents by a Simple Registered Express Mail by Japan Post during the designated period. Please make sure that all documents must be reached to Muse Office by the deadline.

### For Applicants outside Japan

Send your application documents through International Express Service (DHL) that can issue a tracking number of the documents.

After sending the application documents, please inform us your tracking number to Muse Office via E-mail.

Submission Address:

7-1, Hakubai-cho Takatsuki-shi, Osaka, 569-1098, JAPAN

Muse Office, Kansai University

Tel: +81-72-684-4000

E-mail: [safety\\_science@ml.kandai.jp](mailto:safety_science@ml.kandai.jp)

## Payment of Application Fee

### (1) Application Fee

Applicants must pay the application fee of ¥35,000 during the designated period. The application fee is not refundable for any reasons.

Once you have paid the application fee, as a general rule it cannot be refunded.

However, in case of overpayment, refunds may be given. In this case, please contact the Muse Office within 7 days of the deadline for the application procedures.

\*If you paid an amount exceeding the predetermined application fee (including duplicate payments), the overpaid amount will be refunded.

### (2) Payment Method

#### Payment by Bank Transfer (For only Applicants inside Japan)

Applicants must visit a branch or a headquarter office counter of a bank, and use the Prescribed Payment Slip, included in the application document forms, for bank transfers. An official receipt for the transfer issued by the bank should be included in your application documents.

Applicants must submit an official receipt issued by the bank from which you have sent the application fee. To obtain an official receipt, applicants should pay the application fee in person at a branch or a headquarter of a Bank. **Do not use ATMs or Internet banking service.** We do not accept remittance from the Japan Post Bank Remittance from the headquarters and branches at the financial institutions listed on the Payment Slip can enable you to save a transaction fee.

**Remittance from Financial Institutions (Applicants residing Outside Japan only)**

Applicants must send their application fee through a bank transfer. Follow the procedures below. Make sure to pay ¥2,500 as Bank Charges in Japan in addition to the application fee.

Type of transfer	Telegraphic Transfer
Method of transfer	Advise and Credit
Charges of transfer	Local charges borne by remitter & overseas charges by beneficiary. (Note) Please be sure to choose 'SHA' on the application form.
Currency	JPY
Amount of transfer	¥37,500 (Application Fee ¥35,000 + ¥2,500 for Japanese bank handling fee) ※1 The applicants must bear all the charges incurred by the bank in the applicant's country. ※2 Please note that the balance will not be refunded even if the bank charges in Japan do not exceed ¥2,500.

**Bank Account**

Name of Bank	SUMITOMO MITSUI BANKING CORPORATION
Name of Branch	Tenroku Branch
Address of Bank	6-4-20, Tenjimbashi Kita-ku Osaka-shi, OSAKA 530-0041 JAPAN
Swift Address	SMBCJPJT
Account Type	Ordinary Account
Account Number	6811906
Account Holder	Kansai University
Holder's Address	3-3-35, Yamate-cho Suita-shi, OSAKA 564-8680 JAPAN

**Caution on Transferring**

1. Please complete the payment as soon as possible since it takes days to deposit into the bank account.
2. The name of the remitter should be same as the name of the applicant.
3. Applicants should enclose a photocopy of an official transfer certificate with a seal or a stamp of the bank you transferred from, or the international transfer application form together with the application documents.

**The Examination Admission Slip**

The Graduate School will send the applicant the examination admission slip no later than 2 weeks prior to the date of the Notification of Admission. If you do not receive your examination admission slip 3 days before the date, please contact to the Graduate School Admissions Division.

<b>Copies of master's thesis 【⑫】</b>	1 copy. If the master's thesis is written in a language other than English, please submit any other achievements completed in English. (See Achievement 【⑭】 part.)
<b>Outline of master's thesis 【⑬】</b>	1 original. Write in English about 2,000 words in length. If you wrote your master's thesis not in English, you do not have to submit this.
<b>Achievements 【⑭】 ★If available</b>	1 copy. Academic articles, conference presentations, research reports and any other research papers written in English.
<b>Applicants who are eligible under Qualifications for Application (1) to (3) above and expect to submit a master's thesis</b>	
<b>Outline of thesis intended to be submitted as master's thesis 【⑬】</b>	1 original. Write in English about 2,000 words in length. If you will not write your master's thesis in English, you do not have to submit this. Instead of this, please submit any other achievements completed in English. (See Achievement (14) part.)
<b>Achievements 【⑭】 ★If available</b>	1 copy. Academic articles, conference presentations, research reports and any other research papers written in English.
<b>Applicants who are eligible under Qualifications for Application (1) to (3) above and obtained/ will obtain master's degree without submitting master's thesis</b>	
<b>Achievements 【⑭】</b>	1 copy. Academic articles, conference presentations, research reports and any other research papers written in English.

Document to be Submitted [Document Number]	Remarks
Applicants who are eligible under Qualifications for Application (4) or (5) above and those with a professional degree (or who are expected to obtain one) and have not written a master's thesis	
Achievements ⑭	1 copy. Academic articles, conference presentations, research reports and any other research papers written in English.

※Certificates written in English or Japanese are available. If the certificate is written in a language other than English or Japanese, please submit an English or Japanese translation certified by an embassy or other government institutions.

## Cautionary Notes

### 1. Fill in The Application Form

- (1) Choose and enter your supervising professor & Theme referring to “List of Supervising Professors of Ph.D. of Disaster Management Program for 2025 Academic Year” (page 10-20). Please be careful not to fill this form with wrong information because you cannot change this.
- (2) Enter your name exactly the same as it appears on your ID/passport or residence card.

### 2. Others

- (1) If your name on a certificate differs from the name when you apply, submit a separate official certificate or other document that establishes your identity.
- (2) All submitted documents shall not be returned.

## Screening Method

Screening will be conducted by reviewing the application documents.

## Notification of Admission

Your result of admission will be sent by International Express Service (DHL). This is the only official notification you will receive from the school. However, beside this, the list of successful applicant's numbers will be posted at the graduate school entrance examination information website ([https://www.kansai-u.ac.jp/Gr\\_sch/english/eng/index.html](https://www.kansai-u.ac.jp/Gr_sch/english/eng/index.html)) for approx. 1week after notification of admission date. Do not call Kansai University for inquiry of the result.

## Management of Export subject to National Security Concerns

On accepting the international students, the University complies management of export subject to security concerns under the Foreign Exchange and Foreign Trade Act.

If your expecting study or research theme violates the management, you might not select it.

## Enrollment Steps

Applicants who admitted will receive several documents for enrollment in the school, along with a notification of the admission result, and a payment slip for school fees and other fees. Follow the instruction for enrollment procedures enclosed with these documents. You will not be allowed to enroll if you fail to complete the process by the designated deadline.

For details, please refer to 'Enrollment Procedures' (page 7).

## Enrollment Procedures

### (1) Enrollment Step I-(1) (Payment of Admission Fee<Enrollment and Registration Fees>)

The fees should be paid through the designated bank transfer form by 1:00 pm on the day of the deadline. Once paid, the Admission Fee<Enrollment and Registration Fees>will not be refundable.

Note: Graduates of Kansai University and Kansai University graduate schools can skip this step as they are not required to pay the Admission Fee<Enrollment and Registration Fees>.

### (2) Enrollment Step I-(2) (Payment of Tuition and Other Fees)

#### Enrollment Step II (Submission of Documents)

Pay Tuition and Other Fees and submit the required documents in accordance with the instructions on the Enrollment Procedure Guide ( II ) which you will receive.

These charges and fees should be paid through the designated bank transfer form by 1:00 pm on the day of the deadline.

### (3) Method of Payment

Use the designated bank transfer form and wire funds from your local bank, or other financial institutions. Do not transfer funds from an automated teller machine (ATM). Additionally, funds cannot be transferred from Japan Post Bank or a convenience store.

#### \*Refunds of Tuition and Other Fees upon Withdrawal:

(For specific steps, see the Enrollment Procedure Guide (II) which you will receive.)

◎ **Spring Semester** : Enrollees who request to withdraw by March 31 (Mon), 2025, for a legitimate reason, can request to refund their paid Tuition and Other Fees.

○**Fall Semester** : Enrollees who request to withdraw by September 20 (Sat), 2025, for a legitimate reason, can request to refund their paid Tuition.

## School Fees and Other Fees for 2025 Academic Year

### ○Spring Semester

(in Yen)

Category Fee		2025 Academic Year		2026 Academic Year (Annual Payment)	2027 and subsequent academic years (Annual Payment)

School Fees	Admission Fee	130,000	—	—	—
	Tuition	409,500	409,500	819,000	819,000
Other Fees	Alumni & Alumnae Association Fee	10,000	—	20,000	—
Total		549,500	409,500	839,000	819,000

### ○Fall Semester

(in Yen)

Category Fee		2025 Academic Year	2026 Academic Year		2027 Academic Year		2028 and subsequent academic years
		Fall Semester	Spring Semester	Fall Semester	Spring Semester	Fall Semester	Per Semester
School Fees	Admission Fee	130,000	—	—	—	—	—
	Tuition	409,500	409,500	409,500	409,500	409,500	409,500
Other Fees	Alumni & Alumnae Association Fee	—	10,000	—	20,000	—	—
Total		539,500	419,500	409,500	429,500	409,500	409,500

### Notes

1. Graduates of Kansai University or a Kansai University Graduate School, and undergraduates at the University who satisfy the requirements described by Paragraph 1-11 of Article 46 Paragraph of the Graduate School Rules (that is, the successful examinees of Academic Accerlation Entrance Examination) are not required to pay the Admission Fee (Admission Registration Fee) when continuing their studies at one of the Graduate Schools.
2. Graduates of the Kansai University Japanese Language and Culture Program Preparatory Course (*Ryugakusei-Bekka*) who continue their studies at one of the University's faculties or Graduate Schools are eligible to receive a 50% discount on the Admission Fee (Admission Registration Fee). The same applies to students without finishing the program of the Course.
3. The University collects ¥30,000 on behalf of the Alumni Association : ¥10,000 at the time of enrollment and then ¥20,000 at the following academic year (For students entering at the Fall Semester, the University collects a total of ¥30,000 on behalf of the Alumni Association by collecting ¥10,000 at the Spring Semester in the academic year following the year of enrollment and then ¥20,000 at the next Spring Semester).  
The dues are not collected from students who have already paid as graduates of the University or any of the Graduate Schools (including the successful examinees of Academic Acceleration Entrance Examination) according to the requirements described by Paragraph 1-11 of Article 46 Paragraph of the Graduate School Rules.

## Scholarship Information

2025 Academic Year: Scholarship Types and Overview  
The following list of scholarships is for the enrollees of the 2025 Spring Semester.

※The criteria of selection vary by each Graduate School.

For more information, contact the scholarship coordinator offices of each campus or the Division of International Affairs.

※Same students cannot take both the Scholarships of ②, ③, ④, ⑤, ⑥, ⑦.

### ① Japan Student Services Organization Scholarship for Graduate School Students

#### Loan Type

※ Application-based

#### Eligibility

■ Graduate school students either for Master's Degree Program or Ph.D. Degree Program who will enroll in Kansai University at 2025 academic year

(Note 1) The scholarship is for those who have excellent academic and personality, and need this scholarship to continue their research in graduate school. However, international students are not eligible for the scholarship.

(Note 2) There is not always a recruitment for students enrolling in Kansai University at fall semester. Please contact us before applying.

#### Scholarship Type and Loan Amount

##### ■ The First Scholarship (Interest-free)

Degree Program	Monthly Loan Amount (yen)
Master's Degree Program	Applicants can select from 50,000/88,000
Ph.D. Degree Program	Applicants can select 80,000/122,000

##### ■ The Second Scholarship (Interest-bearing)

Degree Program	Monthly Loan Amount (yen)
Master's Degree Program	Applicants can select from 50,000/80,000/100,000/130,000/150,000
Ph.D. Degree Program	

#### Duration of Loan

■ From the spring semester or the fall semester of the 2025 academic year to the end of usual study term.

**【Japan Student Services Organization First Scholarship for Graduate School Students】 Scholarship repayment exemption system for outstanding achievements**

For those who plan to proceed to Kansai University graduate schools for a Master's Degree Program or Kansai University professional graduate schools, and who will receive the Japan Student Services Organization First Scholarship after entering the university, there is a Scholarship repayment exemption system that exempts all of the return or a part of the return. Details will be posted on the Scholarships and Financial Assistance Group website on December 2024 (planned).

**【Regarding the 'Deferred Tuition Payment System' for Master's Programs by the Japanese Government】**

A new program has been established that the government covers the tuition fees for students in the master's programs and professional graduate schools, and the students repay the government based on their income after graduation.

For details about the system, please contact the Student Services Bureau, Scholarship and Financial Assistance Group.

### Past Records of Scholarships of Award Type for Graduate School Students (2024 academic year)

■ About 40% of all graduate school students have received the award type of scholarships.

### ② Kansai University Graduate School Scholarship of Special Award type

#### Award type

※ Notification-based

(The university will notify the adoption of the scholarship the eligible students before enrolling.)

#### Eligibility

■ Graduate school students to enroll to Master's Degree and Ph.D. Degree Programs in the 2025 academic year with excellent entrance examination results.

### Eligibility

- Graduate students with excellent grades who are in difficulty to continue to study for economic reasons. If you are hired and meet the requirements for the benefits of the "Kansai University Graduate School Scholarship of Pre-arrival Award Type for Internal Promotion Examination (April 2024 Application)", you cannot apply for this scholarship. (Cannot be combined with Kansai University Graduate School Scholarship of Special Award type)

### Awards Amount

- See the figure below.

### Duration of Award

- for one year (You can apply next year again.)

**⑤ Kansai University Mature Students Scholarship  
(awarded for excellent working adult graduate students)**

**Award  
type**

※ Application-based

**Eligibility**

- Working adult graduate students with excellent grades who have gained superior accomplishment in their Graduate School.

(Cannot be combined with Kansai University Graduate School Scholarship of Special Award type)

**Awards Amount**

- See the figure below.

**Duration of Award**

- for one year (You can apply next year again.)

**Awards Amount**

《Awards Amount for ③, ④ and ⑤ scholarships in common》

Degree Program	Graduate School	Yearly Awards Amount (yen)
Master's Degree Program	Law, Letters, Economics, Business and Commerce, Sociology, Psychology (Psychology Major), East Asian Cultures, Governance, Health and Well-being	250,000
	Foreign Language Education and Research	275,000
	Informatics, Societal Safety Sciences	300,000
	Psychology (Psychology Clinical Major)	325,000
	Science and Engineering	375,000
Ph.D. Degree Program	Every Graduate School	250,000

※ As for Master's Degree Program, awards amount differs for the students of Three-year Course and One-year Course. Contact scholarship coordinator offices for details.

**Senriyama Campus (Student Services Bureau, Scholarship and Financial Assistance Group)**

3-3-35 Yamate-cho, Suita 564-8680

Phone: 06-6368-1121 (operator)

Hours: 9:00 am to 5:00 pm (except Saturdays, Sundays, public holidays, and university holidays)

**Takatsuki Campus (Takatsuki Campus Office)**

2-1-1 Ryozenji-cho, Takatsuki 569-1095

Phone: 072-690-2163 (direct)

Hours: 9:00 am to 5:00 pm (except Saturdays, Sundays, public holidays, and university holidays)

**Takatsuki Muse Campus (Muse Office)**

7-1 Hakubai-cho, Takatsuki 569-1098

Phone: 072-684-4000 (operator)

Hours: 9:00 am to 5:00 pm (except Saturdays, Sundays, public holidays, and university holidays)

**Sakai Campus (Sakai Campus Office)**

1-11-1 Kaorigaoka-cho, Sakai-ku, Sakai 590-8515

Phone: 072-229-5022 (operator)

Hours: 9:00 am to 5:00 pm (except Saturdays, Sundays, public holidays, and university holidays)

## Scholarships for International students

Kansai University offers a variety of scholarships to support graduate students in their studies and research activities.

There are a number of scholarships for students with excellent grades in entrance examinations and the university's own scholarship system, which does not require repayment. Please refer to the following website for details.

### Scholarships for International students

Division of International Affairs Web site :

<https://www.kansai-u.ac.jp/Kokusai/english/from/support.php>

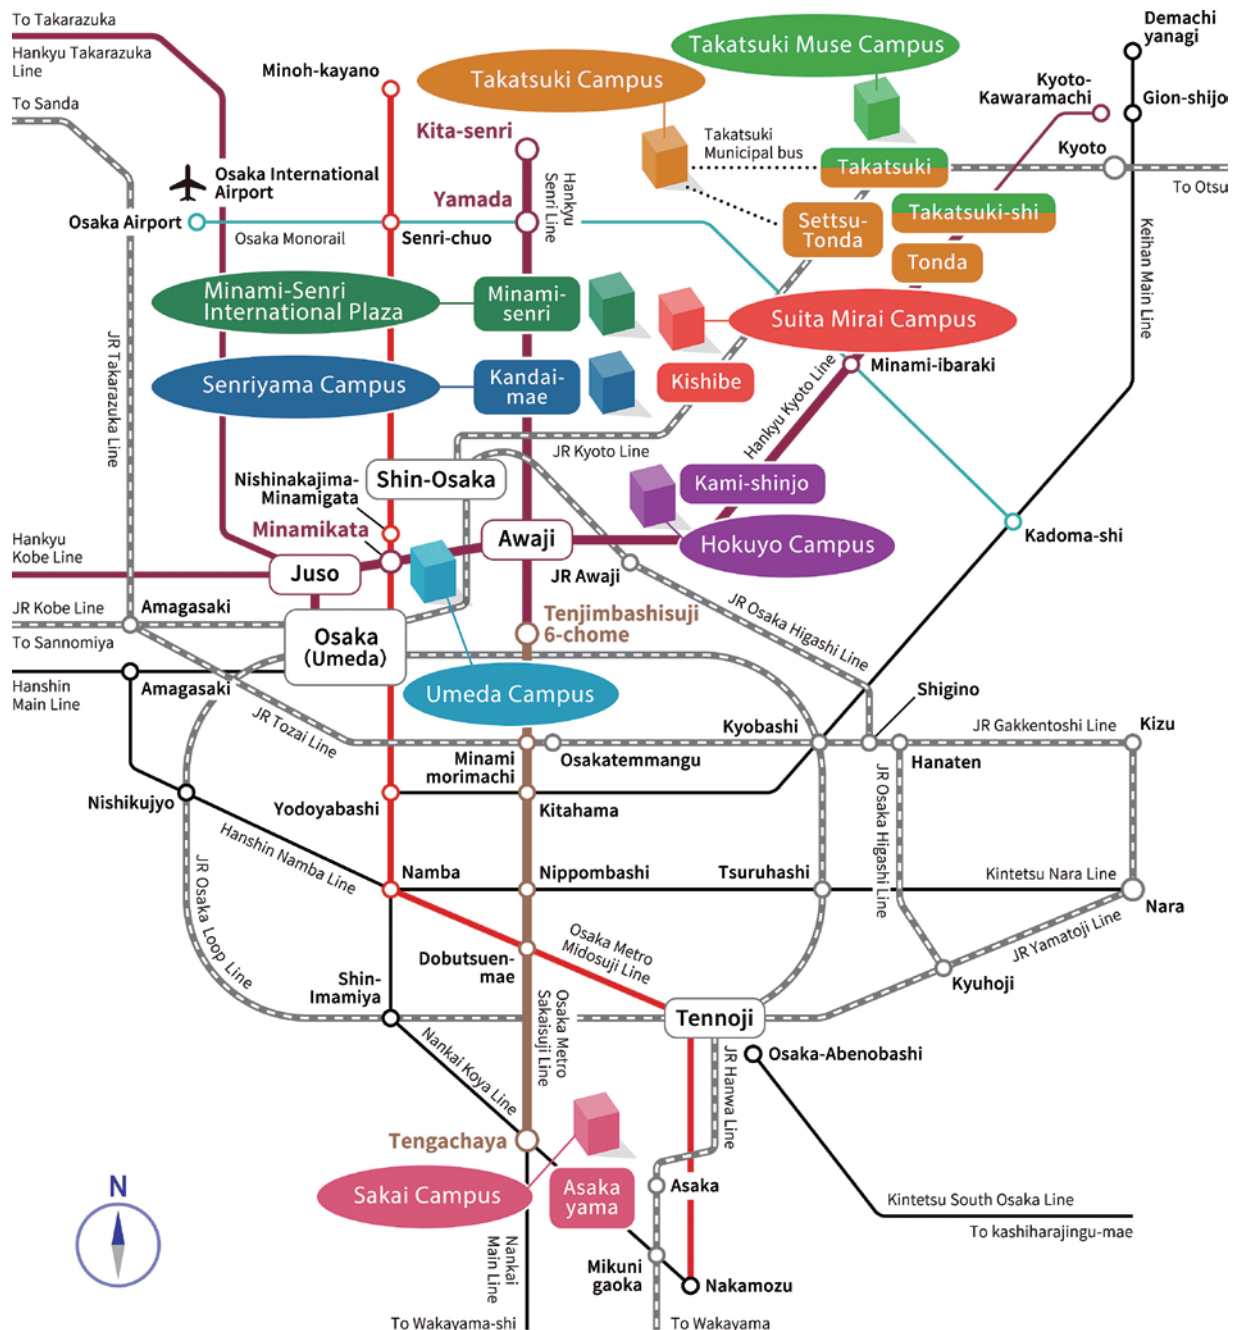

For more information about the scholarship program, please contact the following office. The office is open from 9:00 a.m. to 5:00 p.m. except Saturdays, Sundays, holidays, and closure periods.

- Division of International Affairs 【Scholarships for Privately-funded International Students】  
3-3-35, Yamate-cho Suita-shi, OSAKA 564-8680 JAPAN TEL : +81-6-6368-1121

Web site

## Getting to Kansai University

(Senriyama Campus)

■ Access from Osaka-umeda

Take the Hankyu Railway bound from Osaka-umeda station bound for Kita-Senri and get off at Kandai-mae station (about 20 mins.). Or, take the train from Osaka-umeda bound for Kyoto Kawaramachi and get off at Awaji station. At Awaji station, transfer to the line bound for Kita-senri and get off at Kandai-mae station (about 15 mins.). In either case, it is a 5-minute walk from the station.

■ Access from Kyoto Kawaramachi

Take the Hankyu Railway bound for Osaka-umeda and get off at Awaji station. At Awaji station, transfer to the line bound for Kita-senri and get off at Kandai-mae station (about 15 mins.), then walk about 5 mins.

■ Access by Osaka Metro

Take the Osaka Metro Sakaisuji Line (through services with the Hankyu Senri Line) bound for Kita-Senri, pass Awaji station and get off at Kandai-mae station.

■ Access from Shin-Osaka station by JR Shinkansen

Take the JR Shinkansen from Shin-Osaka station bound for Nakamozu on the Subway Midotsuji Line and get off at Nishinakajima-Minamigata station. Transfer at the Hankyu Railway Minamikata station to the train bound for Kita-senri. Pass Awaji station and get off at Kandai-mae station (about 30 mins.), then walk about 5 mins.

■ Access from Osaka International Airport (Itami Airport)

From Osaka Airport station, take the Osaka Monorail bound for Kadoma-shi and get off at Yamada station. Transfer at the Hankyu Railway Yamada station and get off at Kandai-mae station (about 30 mins.), then walk about 5 mins.

(Note) When asking directions for taking an entrance examination at the Kansai University Senriyama Campus or giving your destination to a taxi driver, clearly state that you are going to "Senriyama no Kansai Daigaku." Kansai University has multiple campuses (Senriyama, Takatsuki, Takatsuki Muse and Sakai). Also, a simple "Kandai" may be mistaken for "Handai" -the shortened name for Osaka University in Suita and the neighboring Toyonaka. Arriving at the wrong location may prevent you from taking the examination.

# List of Supervising Professors of Ph.D. of Disaster Management Program for 2025 Academic Year

Supervising Professors			Code Number
<b>ICHII, Koji</b>	Professor	Doctor of Engineering (Kyoto University)	75550
E-mail: ichiik@kansai-u.ac.jp			
<div>Theme <b>Performance-based Seismic Design</b></div> <p>Seismic design of structures is a key element of societal safety against earthquake disaster. However, there are various type of structures to be considered. For example, not only the safety of buildings, but also the safety of lifelines such as electric power supply networks, pipelines for water supply, railways, road networks are essential for emergency response. However, the characteristics of damage to these various structures are not the same. This seminar focuses on the method to estimate the damage to various types of structures. And students are expected to discuss how to utilize the advanced technologies into seismic design codes.</p>			
<div>Lecture <b>Earthquake Engineering</b></div>			
<div>Research Works</div> <p>Koji Ichii, Takeko Mikami (2018) Cyclic threshold shear strain in pore water pressure generation in clay in situ samples, <i>Soils and Foundations</i>, Vol.58, pp.756-765.</p> <p>Koji Ichii and Yu Nandar Hlaing (2018) A simple framework for planning emergency routes in small townships in response to earthquake disasters, <i>Journal of Societal Safety Sciences</i>, No.7, pp.43-54.</p> <p>Koji Ichii, Keisuke Kitade, Mayumi Kawano and Ikuo Taguchi (2014) Surface wave-based health monitoring method for a sheet pile quay wall, <i>International Journal of Structural Stability and Dynamics</i>, Vol.14, No.05, DOI: 10.1142/S0219455414400094.</p> <p>Koji ICHII (2005) Towards the optimum seismic design of a gravity quay wall - a risk based approach for a soil-structure interaction problem, <i>On course (PIANC magazine)</i>, PIANC (International Navigation Association), Vol.120, pp.13-24, 2005.</p>

<b>ITO, Daisuke</b>	Professor	Doctor of Engineering (Nagoya University)	76943
E-mail: dito@kansai-u.ac.jp			
<div>Theme <b>Injury Prevention Engineering</b></div> <p>Injuries are caused by excessive forces acting on the human body and occur in various situations, such as disasters, traffic accidents, daily life and so on. In this seminar, we will examine the mechanism of injury occurrence from a mechanical point of view, and research injury-prevention and damage-mitigation methods. The research methods include computer simulation, experiments, case analyses, and accident investigations. In addition, since actions and judgments prior to an accident play a major role in the occurrence of injuries, students who wish to conduct research on the analysis of relations between mechanical and non-mechanical factors are also welcome to join.</p>

<b>OKUMURA, Yoshihiro</b>	Professor	Ph.D in Informatics (Kyoto University)	70838
E-mail: okumura@kansai-u.ac.jp			
Theme	<b>Disaster Reduction and Resilient Society</b>		
This lecture focuses on a broad field for disaster reduction and measures for a resilient society against a mega disaster, ranging from the mechanism of natural disasters, analysis of people's evacuation behavior, and implementation of research. The following topics are an example of what will be covered; (1) a tsunami source modeling, (2) numerical analysis of tsunami propagation and inundation, (3) numerical analysis of structural response to a tsunami, (4) development of an evacuation simulation model focusing on evacuation start, and (5) evacuation behavior observation by using UAV.			
Lecture	<b>Disaster Reduction and Resilient Society</b>		
Research Works	Yoshihiro Okumura, Ryosuke Kato, Fusao Oka, Numerical Analysis of Liquefaction of Sandy Ground Induced by Tsunami, Proceedings of the Twenty-ninth International Ocean and Polar Engineering Conference (29th ISOPE), pp.3218-3225, 2019. Yoshihiro Okumura, H.R. Riggs and Junji Kiyono, Toward a Resilient Society Against a Mega-Tsunami Disaster, In: Takeshi Katsumi and Shizuka Hashimoto (Eds), Towards Future Earth: Challenges and Progress of Global Environmental Studies, Kaisei Publishing Co., Ltd., pp.171-189, March 2016. Yuji Dohi, Yoshihiro Okumura, Maki Koyama, Junji Kiyono, Evacuee Generation Model of the 2011 Tohoku Tsunami in Ishinomaki, <i>Journal of Earthquake and Tsunami</i> , Vol.10, No.2, 1640010 (17 pages), DOI: 10.1142/S1793431116400108, 2016. E-mail: kamei@kansai-u.ac.jp			
Theme	<b>Risk Management</b>		
In modern society, facing with complicated and socialized risk, it is necessary to carry out social risk management approach. In this course, we try to study the general principle of organizational risk management and its practice from a viewpoint of social risk management. The topics addressed in the seminar include (1) contemporary risk control and risk finance, (2) organization of risk management, (3) risk information disclosure as a means of risk communication, (4) strategy and risk management, (5) leadership and crisis management, (6) SME and risk management, and (7) safety for school and children risk management, etc.

E-mail: k-koshi@kansai-u.ac.jp			
<b>Theme Urban Disaster Reduction Planning</b> Globalization and Urbanization bring our society new risk of disasters. This seminar focuses the mechanism of new disaster occurrence and the methodology for disaster reduction from the viewpoint of urban design and planning. This will deal with the development of the disaster management cycle, the vulnerability approach, the hazard simulation, the environmental design after disaster and the prevention urban planning for disasters. This theme will face the new challenge for the risk reduction.			
<b>Lecture Urban Disaster Mitigation</b>			
<b>Research Works</b> Kenji Koshiyama (2017) Sheltering Status after 1 year of the Multiple Disaster in Fukushima, <i>the 8th International i-Rec Conference</i> , Toronto Kenji Koshiyama (2016) Housing Recovery Process of the Great East Japan Earthquake Disaster, <i>the 4th International Conference on Urban Disaster Reduction</i> Kenji Koshiyama (2014) Analysis of the allocation pattern of the temporary housing sites after disasters, <i>the 3rd International Conference on Urban Disaster Reduction</i> Kenji Koshiyama (2014) Characteristics of emergency response at the Great East Japan Earthquake, <i>International Disaster Risk Conference in DAVOS</i> , Poster Collection, pp.91-94 Kenji Koshiyama (2011) Comparison of International and Domestic Methods of Providing Housing After Disasters, <i>Journal of Disaster Research</i> Vol.6, No.2, pp.230-235.			
Supervising Professors			Code Number
<b>KOYAMA, Tomofumi</b>	Professor	Ph. D Land and Water Resources Science (Royal Institute of Technology, KTH, Sweden)	69845
E-mail: t-koyama@kansai-u.ac.jp			
<b>Theme Geo-disaster Prevention and Mitigation</b> Recently many geo-disasters (such as landslide, slope collapse and liquefaction) have been occurred by torrential rainfall and earthquakes. This seminar focuses on the mechanism of geo-disasters caused by torrential rainfall and earthquake and their structural and non-structural countermeasures. Students are expected to solve one the problems related geo-disaster prevention and mitigation using computer simulations, field measurement/monitoring and in-situ/laboratory experiments. Students are also expected write academic papers and make a presentation at the international/domestic conferences.			
<b>Lecture Geo-disaster</b>			
<b>Research Works</b> Ryota Hashimoto, Mamoru Kikumoto, Tomofumi Koyama and Mamoru Mimura (2017) Method of deformation analysis for composite structures of soils and masonry stones. <i>Computers and Geotechnics</i> , 82(2), 67-84. Tomofumi Koyama, Yusuke Yasuki and Hiroyuki Shimizu (2016) CFD-DEM simulations for dynamic injection of cement-based grout-grout injection mechanism and suitable injection conditions. <i>Nordic Grouting Symposium</i> , Oslo, Norway, 26-27, September, pp.87-98. Tomofumi Koyama, Masakazu Chijimatsu, Hiroyuki Shimizu, Shigeo Nakama, TomooFuijita, Akira Kobayashi and Yuzo Ohnishi (2013). Numerical modeling for the coupled thermal-mechanical processes and spalling phenomena in Äspö Pillar Stability Experiment. <i>J Rock MechGeotechEng</i> , DECOVALEX-2011 special issue, 5(1), 58-72. Tomofumi Koyama, Kohei Nagano, Keita Lee and Yuzo Ohnishi (2013). Experimental and numerical studies on rainwater infiltration mechanism during torrential rainfall. <i>Caspian Journal of Applied Sciences Research</i> , 2 (AICCE' 12/GIZ' 12): 440-448.

<b>NAGAMATSU, Shingo</b>	Professor	Ph.D. (Osaka University)	70558
E-mail: nagamatu@kansai-u.ac.jp			
<div>Theme <b>Economics of Disasters and Policy Analysis for Disaster Reduction</b></div> <p>This seminar will focus on disaster management policy in terms from Economics. Students are expected to learn economic theory of disasters and policy analysis skills such as econometric analysis and cost benefit analysis (CBA), and write academic papers that can contribute to support or challenge existing disaster management theories. Students are also expected to have a compassionate heart, an accurate knowledge of scientific facts and policy practices, and an analytical mind to study policies under economic and public policy theory.</p> <div>Lecture <b>Economics of Risk and Disaster</b></div> <div>Research Works</div> <p>Shingo Nagamatsu (2017) Building Back a Better Tohoku After the March 2011 Tsunami : Contradicting Evidence, Vicente Santiago-Fandino et al. eds. <i>The 2011 Japan Earthquake and Tsunami: Reconstruction and Restoration (Advance in Natural and Technological Hazards Research Vol.47)</i>, Springer., pp.37-54.</p> <p>Shingo Nagamatsu and Akiko Ono (2017) Job Creation after Catastrophic Events: Lessons from the Emergency Job Creation Program after the 2011 Great East Japan Earthquake, <i>Japan Labor Review</i>, Vol.14, No.1, Winter 2017, pp.112-131, 2017</p> <p>Shingo Nagamatsu (2016) Targeting Vulnerable People with a Social Safety Net: Lessons from the CFW program for the 2011 Great East Japan earthquake and Tsunami Disaster, <i>Journal of Disaster Research</i>, Vol.11 No.5 pp. 926-934.</p>			
Supervising Professors			Code Number
<b>HOSOKAWA, Shigeo</b>	Professor	Doctor of Engineering (Kobe University)	76814
E-mail: hosokawa@kansai-u.ac.jp			
<div>Theme <b>Industrial Safety System</b></div> <p>Industrial systems such as power plants, petrochemical complexes, steel mills and mechanical systems are essential for modern society and life. Their safety deeply depends on the mechanical characteristics and heat and fluid flows in the systems. This seminar focuses on safety of industrial systems from the viewpoint of mechanics, especially thermal-fluid dynamics. Understanding and control of heat and fluid flows for system safety are main subject. Experimental approaches are mainly used for investigation of thermal-fluid phenomena. Development of measurement methods for understanding and monitoring heat and fluid flows is also one of the subjects.</p> <div>Lecture <b>Thermal-Fluid Engineering for Industrial Safety</b></div> <div>Research Works</div> <p>Shigeo Hosokawa, Hideaki Shakutsui, Akio Tomiyama (2019) Turbulence Modification of Gas-Liquid-Solid Dispersed Three-Phase Flow in a Vertical Pipe, <i>Multiphase Science and Technology</i>, Vol. 31, pp. 175-197.</p> <p>Shigeo Hosokawa, Yuya Masukura, Kosuke Hayashi, Akio Tomiyama (2017) Experimental Evaluation of Marangoni stress and surfactant concentration at interface of contaminated single drops using spatiotemporal filter velocimetry, <i>International Journal of Multiphase Flow</i>, Vol. 97, pp. 157-167.</p> <p>Shigeo Hosokawa, Kosuke Hayashi, Akio Tomiyama (2014) Void Distribution and Bubble Motion in Bubbly Flows in a 4x4 Rod Bundle, Part I: Experiments, <i>Journal of Nuclear Science and Technology</i>, Vol. 51, Issue 2, pp. 220-230.</p> <p>Shigeo Hosokawa, Ikumi Mikiyama, Akio Tomiyama (2013) Development of a Submersible Small Fiber LDV Probe and Its Application to Flows in a 4x4 Rod Bundle, <i>Nuclear Engineering and Design</i>, Vol. 263, pp. 342-349.</p> <p>Shigeo Hosokawa, Taishi Yamamoto, Jun Okajima, Akio Tomiyama (2012) Measurements of Turbulent Flows in a 2x2 Rod Bundle, <i>Nuclear Engineering and Design</i>, Vol. 249, pp. 2-13.</p> <p>Shigeo Hosokawa, Kosuke Hayashi, Akio Tomiyama (2009) Multi-Fluid Simulation of Turbulent Bubbly Pipe Flows, <i>Chemical Engineering Science</i>, Vol. 64, pp. 5308-5318.</p>
