

Fall Semester 2021 Admission

**Application Guidelines
for Ph.D. of
Disaster Management Program**

Graduate School of Societal Safety Sciences

**Kansai University
Graduate School**

Privacy Policy

With regards to personal information received on application which is liable to specify the individual (hereafter “Personal Information”), Kansai University Graduate School (hereafter “the Graduate School”) will treat the information carefully in accordance with applicable laws and the Kansai University Graduate School Privacy Policy.

The Kansai University Graduate School Privacy Policy can be found on the top page of the Graduate School’s website (**www.kansai-u.ac.jp**) under “Privacy Policy.”

1. Use of Personal Information

Personal Information from applicants is used only for the following purposes:

- (1) To administrate entrance examinations (to receive applications, to deliver examination admission slip, and to operate entrance examinations)
- (2) To announce examination results
- (3) To complete procedures up to enrollment

2. Management of Personal Information

The Graduate School has assigned a personal information protection administrator to ensure that Personal Information from applicants for the three purposes listed above is managed carefully and deleted appropriately in accordance with applicable laws and ordinances after a fixed period of custody.

3. Sharing of Personal Information

The Graduate School will share some Personal Information with Kansai University Kyosaikai (an affiliated organ of Kansai University for mutual-aid program) to enhance student life on campus.

《Sharing of Personal Information and its purpose》

Administrative numbers, names, address, phone number, dates of birth, assigned graduate school, major, and course for verifying the payment of the enrollment and registration fees to the above affiliated organ.

4. Disclosure of Personal Information to Third Parties

The Graduate School will not share Personal Information with third parties without consent of the applicant, except when compelled by laws and ordinances.

5. Sharing of Personal Information with Contractors

The Graduate School may share some Personal Information with contractors in order to carry out the operations described in 1 above. In such cases it shall contract them to handle the Personal Information appropriately based on its Privacy Policy.

6. Statistical Data on Entrance Examinations

The Graduate School compiles statistical data about entrance examinations but does not identify applicants. This data will be used for individuals interested in the Graduate School, and utilized to analyze the Graduate School’s future entrance examinations.

7. Disclosure, Correction, and Deletion of the Personal Information

When requested by an applicant to disclose, correct, or delete his or her Personal Information, the Graduate School will accommodate that request promptly in accordance with applicable laws, rules, and other guidelines after verifying the applicant. Data pertaining entrance examination score will not be disclosed.

8. Inquiries

Inquiries concerning applicants’ Personal Information, including requests to disclose, correct, or delete it, will be directed to Graduate School Admissions Division of Kansai University Entrance Examination Center.

2. Applicants should satisfy either of the following requirements:
 - (1) Applicants who have received a master's or professional degree at a graduate school.
 - (2) Applicants who enroll a graduate school and will receive a master's or professional degree by the date of enrollment to the Graduate School of Societal Safety Sciences.
 - (3) Applicants who have completed programs and received degrees equivalent to a master's degree from the United Nations University*.
*United Nations University: established by the resolution of the General Assembly of the United Nations on December 11, 1972, as stipulated in Article 1 Paragraph 2 of the Act on Special Measures incidental to Enforcement of the Agreement between the United Nations and Japan regarding the Headquarters of the United Nations University.
 - (4) Applicants designated by the minister of MEXT † (Bulletin No. 118 of 1989).
† MEXT: Japanese Ministry of Education, Culture, Sports, Science and Technology.
 - (5) Applicants who are recognized as having degrees equivalent or superior to a master's degree by the graduate school of Societal Safety Sciences, and have reached the age of 24 by the date of enrollment. This requirement shall not apply to the foreigners who are recognized as having received Japanese regular school education program.

Admission Schedule for Fall Semester 2021 Academic Year

Step		Deadlines and Period	
		February Examination	June Examination
①	Advanced Contact	November 28 (Sat), 2020	April 16 (Fri), 2021
②	Payment of Application Fee	December 17 (Thu), 2020 to January 7 (Thu), 2021	April 28 (Wed) to May 13 (Thu), 2021
③	Submission of Required documents for Application		
④	Notification of Admission	February 26 (Fri), 2021	June 11 (Fri), 2021
⑤	Enrollment Step I- (1)	April 1 (Thu) to April 15 (Thu), 2021	June 11 (Fri) to June 25 (Fri), 2021
	Enrollment Step I- (2) and II	August 23 (Mon) to September 7 (Tue), 2021	

Admissions Flow

①	Advanced Contact	Send your CV to a professor you wish to be supervised by E-mail, noting your research interests in the Graduate School. The professor will arrange either in-person or online meeting with you for discussing your research plan. If the professor agrees to be your supervisor, he/she will send you a Confirmation Letter as an attachment on an E-mail. This letter must be included in the application documents (see "Application Documents"). Please remember that the Confirmation Letter will not be issued if the professor does not recognize that you satisfy the Qualifications for Application, nor that he/she is a right person to supervise you in terms from his/her academic concern. The Confirmation Letter only confirms the professor agreed to be your supervisor. Please note that the Confirmation Letter does NOT guarantee your admission.
②	Payment of Application Fee	After receiving the Confirmation Letter, pay the Application Fee during the designated period.
③	Submission of Required Documents for Application	Submit all of your application documents to Muse Office by the deadline. After sending the application documents, please inform us your tracking number to Muse Office via E-mail.
④	Notification of Admission	Admission results will be sent to the applicants by international delivery service on the designated date.
⑤	Enrollment Step I- (1)	Admitted applicants should pay Admission Fee by the deadline.
	Enrollment Step I- (2) and II	Admitted applicants should pay Tuition and Other Fees, and submit required documents for enrollment by the deadline.

Submission of Application Documents

Send the application documents to Muse Office. DO NOT FOLD the documents. Applicants should use an envelope large enough not to fold them. All documents must reach to the office by the deadline.

For Applicants inside Japan

Choose either way of submission.

[By Hand]

Visit Muse Office at Takatsuki Muse Campus, Kansai University and submit your application documents in person. Office counter is open between 10:00 am and 4:00 pm during the designated period. Please be noted that the office will be closed on Sundays, national holidays, and winter holidays from December 26 (Sat), 2020, to January 6 (Wed), 2021.

[By Mail]

Mail your application documents by a Simple Registered Express Mail by Japan Post during the designated period. Please make sure that all documents must be reached to Muse Office by the deadline.

For Applicants outside Japan

Send your application documents through Express Mail Service (EMS) or the international delivery service that can issue a tracking number of the documents.

After sending the application documents, please inform us your tracking number to Muse Office via E-mail.

Submission Address:

7-1, Hakubai-cho Takatsuki-shi , Osaka, 569-1098, JAPAN

Muse Office, Kansai University

Tel: +81-72-684-4000

E-mail: safety_science@ml.kandai.jp

Payment of Application Fee

(1) Application Fee

Applicants must pay the application fee of ¥35,000 during the designated period. The application fee is not refundable for any reasons.

Once you have paid the application fee, as a general rule it cannot be refunded.

However, in case of overpayment, refunds may be given. In this case, please contact the Muse Office within 7 days of the deadline for the application procedures.

*If you paid an amount exceeding the predetermined application fee (including duplicate payments), the overpaid amount will be refunded.

(2) Payment Method

Payment by Bank Transfer (For only Applicants inside Japan)

Applicants must visit a branch or a headquarter office counter of a bank, and use the Prescribed Payment Slip, included in the application document forms, for bank transfers. An official receipt for the transfer issued by the bank should be included in your application documents.

Applicants must submit an official receipt issued by the bank from which you have sent the application fee. To obtain an official receipt, applicants should pay the application fee in person at a branch or a headquarter of a Bank. Do not use ATMs or Internet banking service. We do not accept remittance from the Japan Post Bank Remittance from the headquarters and branches at the financial institutions listed on the Payment Slip can enable you to save a transaction fee.

Remittance from Financial Institutions (Applicants residing Outside Japan only)

Applicants must send their application fee through a bank transfer. Follow the procedures below. Make sure to pay ¥2,500 as Bank Charges in Japan in addition to the application fee.

Type of transfer	Telegraphic Transfer
Method of transfer	Advise and Credit
Charges of transfer	Local charges borne by remitter & overseas charges by beneficiary. (Note) Please be sure to choose 'SHA' on the application form.
Currency	JPY
Amount of transfer	¥37,500 (Application Fee ¥35,000 + ¥2,500 for Japanese bank handling fee) ※1 The applicants must bear all the charges incurred by the bank in the applicant's country. ※2 Please note that the balance will not be refunded even if the bank charges in Japan do not exceed ¥2,500.
Bank Account	
Name of Bank	SUMITOMO MITSUI BANKING CORPORATION
Name of Branch	Tenroku Branch
Address of Bank	6-4-20, Tenjimbashi Kita-ku Osaka-shi, OSAKA 530-0041 JAPAN
Swift Address	SMBCJPJT
Account Type	Ordinary Account
Account Number	6811906
Account Holder	Kansai University
Holder's Address	3-3-35, Yamate-cho Suita-shi, OSAKA 564-8680 JAPAN

Caution on Transferring

1. Please complete the payment as soon as possible since it takes days to deposit into the bank account.
2. The name of the remitter should be same as the name of the applicant.
3. Applicants should enclose a photocopy of an official transfer certificate with a seal or a stamp of the bank you transferred from, or the international transfer application form together with the application documents.

Application Documents

Document to be Submitted 【Document Number】	Remarks
Documents to be submitted by all applicants	
Application Form (Form 1) 【①】	Use the form designated by Kansai University and write in English.
Statement of Reason for Applying (Form 2) 【②】	Use the form designated by Kansai University and write in English.

Cautionary Notes

1. Fill in The Application Form

- (1) Choose and enter your supervising professor & Theme referring to "List of Supervising Professors of Ph.D. of Disaster Management Program for Spring Semester 2021 Academic Year" (page 14-18). Please be careful not to fill this form with wrong information because you cannot change this.
- (2) Enter your name exactly the same as it appears on your ID/passport or residence card.

2. Others

- (1) If your name on a certificate differs from the name when you apply, submit a separate official certificate or other document that establishes your identity.
- (2) All submitted documents shall not be returned.

Notification of Admission

Your result of admission will be sent by International Express Service(DHL). This is the only official notification you will receive from the school. Please be patient for several days to receive the mail. Do not call Kansai University for inquiry of the result.

Enrollment Steps

Applicants who admitted will receive several documents for enrollment in the school, along with a notification of the admission result, and a payment slip for school fees and other fees. Follow the instruction for enrollment procedures enclosed with these documents. You will not be allowed to enroll if you fail to complete the process by the designated deadline.

For details, please refer to 'Enrollment Procedures' (page 7).

Enrollment Procedures

(1) Enrollment Step I-(1) (Payment of Admission Fee<Enrollment and Registration Fees>)

The fees should be paid through the designated bank transfer form by 1:00 pm on the day of the deadline. Once paid, the Admission Fee<Enrollment and Registration Fees>will not be refundable.

Note: Graduates of Kansai University and Kansai University graduate schools can skip this step as they are not required to pay the Admission Fee<Enrollment and Registration Fees>.

(2) Enrollment Step I-(2) (Payment of Tuition and Other Fees)

Enrollment Step II (Submission of Documents)

Pay Tuition and submit the required documents in accordance with the instructions on the Enrollment Procedure Guide (II) which you will receive.

These charges and fees should be paid through the designated bank transfer form by 1:00 pm on the day of the deadline.

(3) Method of Payment

Use the designated bank transfer form and wire funds from your local bank, or other financial institutions. Do not transfer funds from an automated teller machine (ATM). Additionally, funds cannot be transferred from Japan Post Bank or a convenience store.

* Refunds of Tuition upon Withdrawal:

Enrollees who request to withdraw by September 20 (Mon), 2021, for a legitimate reason, can request to refund their paid Tuition.

(For specific steps, see the Enrollment Procedure Guide (II) which you will receive.)

School Fees and Other Fees for Fall Semester 2021 Academic Year

(in Yen)

Category		2021 Academic Year	2022 Academic Year		2023 Academic Year		2024 and subsequent academic years
		Fall Semester	Spring Semester	Fall Semester	Spring Semester	Fall Semester	Per Semester
School Fees	Admission Fee	130,000	—	—	—	—	—
	Tuition	409,500	409,500	409,500	409,500	409,500	409,500
Other Fees	Alumni & Alumnae Association Fee	—	10,000	—	20,000	—	—
Total		539,500	419,500	409,500	429,500	409,500	409,500

Notes

1. Graduates of Kansai University or a Kansai University Graduate School, and undergraduates at the University who satisfy the requirements described by Paragraph 1-11 of Article 46 Paragraph of the Graduate School Rules (that is, the successful examinees of Academic Acceleration Entrance Examination) are not required to pay the Admission Fee (Admission Registration Fee) when continuing their studies at one of the Graduate Schools.
2. Graduates of the Kansai University Japanese Language and Culture Program Preparatory Course (*Ryugakusei-Bekka*) who continue their studies at one of the University's faculties or Graduate Schools are eligible to receive a 50% discount on the Admission Fee (Admission Registration Fee). The same applies to students without finishing the program of the Course.
3. The University collects ¥30,000 on behalf of the Alumni Association : ¥10,000 at the time of enrollment and then ¥20,000 at the following academic year (For students entering at the Fall Semester, the University collects a total of ¥30,000 on behalf of the Alumni Association by collecting ¥10,000 at the Spring Semester in the academic year following the year of enrollment and then ¥20,000 at the next Spring Semester).
The dues are not collected from students who have already paid as graduates of the University or any of the Graduate Schools (including the successful examinees of Academic Acceleration Entrance Examination) according to the requirements described by Paragraph 1-11 of Article 46 Paragraph of the Graduate School Rules.

Scholarship Information

2021 Academic Year: Scholarship Types and Overview
The following list of scholarships is for the enrollees of the 2021 Spring Semester.

※The criteria of selection vary by each Graduate School.

For more information, contact the scholarship coordinator offices of each campus or the Division of International Affairs on the end of this section.

※Same students cannot take both the Scholarships of ①～⑤ and the Scholarships of ⑥ and ⑦.

① Japan Student Services Organization Scholarship for Graduate School Students

Loan Type

※ Application-based

Eligibility

■ Graduate school students either for Master's Degree Program or Ph.D. Degree Program who will enroll in Kansai University at 2021 academic year

(Note 1) The scholarship is for those who have excellent academic and personality, and need this scholarship to continue their research in graduate school. However, international students are not eligible for the scholarship.

(Note 2) There is not always a recruitment for students enrolling in Kansai University at fall semester. Please contact us before applying.

Hours: 9:00 am to 5:00 pm (except Saturdays, Sundays, public holidays, and university holidays)

Getting to Kansai University

- Hankyu Railway: Take the train from Osaka-umeda station bound for Kita-Senri. Pass Juso, Minamikata and Awaji stations and get off at Kandai-mae station (about 20 mins.). Or, take the train from Osaka-umeda bound for Kyoto Kawaramachi ("Kaisoku Tokkyu" Limited Express, Tokkyu" Limited Express, "Kaisoku Kyuko" Rapid Express, "Kaisoku" Rapid Service, "Junkyu" Semi-Express or "Futsu" Local) and get off at Awaji station. At Awaji station, transfer to the line bound for Kita-senri and get off at Kandai-mae station (about 15 mins.). In either case, it is a 5-minute walk from the station. Note that the "Tsukin Tokkyu" Limited Express does not stop at Awaji station.
- Osaka Metro Sakaisui Line (through services with the Hankyu Senri Line): Take the Osaka Metro from Tengachaya station bound for Kita-Senri. Pass Nippombashi, Kitahama, Tenjimbashisuji 6-chome (Tenroku) and Awaji stations and get off at Kandai-mae station (about 40-45 mins.). Walk about 5 mins.
- JR Shinkansen: Take the train from Shin-Osaka station bound for Nakamozu on the Subway Midosuji Line and get off at Nishinakajima-Minamigata station. Transfer at the Hankyu Railway Minamikata station to the train bound for Kita-senri. Pass Awaji station and get off at Kandai-mae station (about 30 mins.). Walk about 5 mins.
- From Osaka International Airport (Itami Airport): From Osaka Airport station, take the Osaka Monorail bound for Kadoma-shi. Pass Hotarugaikie and Senri-chuo stations and get off at Yamada station. Transfer at the Hankyu Railway Yamada station to the train bound for Tengachaya or Umeda and get off at Kandai-mae station (about 30 mins.). It is a 5-minute walk from the station.

(Note) When asking directions for taking an entrance examination at the Kansai University Senriyama Campus or giving your destination to a taxi driver, clearly state that you are going to "Senriyama no Kansai Daigaku." Kansai University has multiple campuses (Senriyama, Takatsuki, Takatsuki Muse and Sakai). Also, a simple "Kandai" may be mistaken for "Handai" -the shortened name for Osaka University in Suita and the neighboring Toyonaka. Arriving at the wrong location may prevent you from taking the examination.

List of Supervising Professors of Ph.D. of Disaster Management Program for Fall Semester 2021 Academic Year

Supervising Professors			Code Number
ICHII, Koji	Professor	Doctor of Engineering (Kyoto University)	75550
E-mail: ichiik@kansai-u.ac.jp			
<div>Theme Performance-based Seismic Design</div> <p>Seismic design of structures is a key element of societal safety against earthquake disaster. However, there are various type of structures to be considered. For example, not only the safety of buildings, but also the safety of lifelines such as electric power supply networks, pipelines for water supply, railways, road networks are essential for emergency response. However, the characteristics of damage to these various structures are not uniform. This seminar focuses on the method to estimate the damage to various types of structures. And students are expected to discuss how to integrate the advanced technologies into seismic design codes.</p> <div>Lecture Earthquake Engineering</div> <div>Research Works</div> <p>Koji Ichii, Takeko Mikami (2018) Cyclic threshold shear strain in pore water pressure generation in clay in situ samples, <i>Soils and Foundations</i>, Vol.58, pp.756-765.</p> <p>Koji Ichii and Yu Nandar Hlaing (2018) A simple framework for planning emergency routes in small townships in response to earthquake disasters, <i>Journal of Societal Safety Sciences</i>, No.7, pp.43-54.</p> <p>Koji Ichii, Keisuke Kitade, Mayumi Kawano and Ikuo Taguchi (2014) Surface wave-based health monitoring method for a sheet pile quay wall, <i>International Journal of Structural Stability and Dynamics</i>, Vol.14, No.05, DOI: 10.1142/S0219455414400094.</p> <p>Susumu Iai and Koji Ichii (2010) Soils and Foundations during Earthquakes, <i>Soils and Foundations</i> Vol.50, No.6, pp.937-953.</p> <p>Koji ICHII (2005) Towards the optimum seismic design of a gravity quay wall - a risk based approach for a soil-structure interaction problem, <i>On course (PIANC magazine)</i>, PIANC (International Navigation Association), Vol.120, pp.13-24, 2005.</p>

Theme	Risk Management		
In modern society, facing with complicated and socialized risk, it is necessary to carry out social risk management approach. In this course, we try to study the general principle of organizational risk management and its practice from a viewpoint of social risk management. The topics addressed in the seminar include (1) contemporary risk control and risk finance, (2) organization of risk management, (3) risk information disclosure as a means of risk communication, (4) strategy and risk management, (5) leadership and crisis management, (6) SME and risk management, and (7) safety for school and children risk management, etc.

E-mail: k-koshi@kansai-u.ac.jp			
Theme	Urban Disaster Reduction Planning		
Globalization and Urbanization bring our society new risk of disasters. This seminar focuses the mechanism of new disaster occurrence and the methodology for disaster reduction from the viewpoint of urban design and planning. This will deal with the development of the disaster management cycle, the vulnerability approach, the hazard simulation, the environmental design after disaster and the prevention urban planning for disasters. This theme will face the new challenge for the risk reduction.

Theme	Psychology of Societal Safety		
Theories in social psychology, such as attitude structure, emotion, social cognition, self-concept, interpersonal relations, communication, group dynamics, and collective behaviors are applied to field cases and studied as researches of (1) risk perception, (2) risk communication, and (3) psychological processes in crisis. The field cases, for example, are public acceptance/rejection and consensus formation processes of science/ technology (EMF, nuclear, GMO, etc.), the social psychological responses to disasters and crises (earthquake, tsunami, severe accident, etc.).

NAGAMATSU, Shingo	Professor	Ph.D. (Osaka University)	70558
E-mail: nagamatsu@kansai-u.ac.jp			
<div>Theme Economics of Disasters and Policy Analysis for Disaster Reduction</div> <p>This seminar will focus on disaster management policy in terms from Economics. Students are expected to learn economic theory of disasters and policy analysis skills such as econometric analysis and cost benefit analysis (CBA), and write academic papers that can contribute to support or challenge existing disaster management theories, and develop a path breaking new policy. Students are also expected to have a warm heart, but cool mind to see policy issues in a real world.</p> <div>Lecture Economics of Risk and Disaster</div> <div>Research Works</div> <p>Takeshi Miyazaki and Shingo Nagamatsu (2018) Estimation of the fiscal impact on Japanese governments of Anticipated Nankai Trough Megathrust Earthquake. HOSOKAWA, Shigeo	Professor	Doctor of Engineering (Kobe University)	76814
E-mail hosokawa@kansai-u.ac.jp			
<div>Theme Industrial Safety System</div> <p>Industrial systems such as power plants, petrochemical complexes, steel mills and mechanical systems are essential for modern society and life. Their safety deeply depends on the mechanical characteristics and heat and fluid flows in the systems. This seminar focuses on safety of industrial systems from the viewpoint of mechanics, especially thermal-fluid dynamics. Understanding and control of heat and fluid flows for system safety are main subject. Experimental approaches are mainly used for investigation of thermal-fluid phenomena. Development of measurement methods for understanding and monitoring heat and fluid flows is also one of the subjects.</p> <div>Research Works</div> <p>Shigeo Hosokawa, Hideaki Shakutsui, Akio Tomiyama (2019) Turbulence Modification of Gas-Liquid-Solid Dispersed Three-Phase Flow in a Vertical Pipe, <i>Multiphase Science and Technology</i>, Vol. 31, pp. 175-197.</p> <p>Shigeo Hosokawa, Yuya Masukura, Kosuke Hayashi, Akio Tomiyama (2017) Experimental Evaluation of Marangoni stress and surfactant concentration at interface of contaminated single drops using spatiotemporal filter velocimetry, <i>International Journal of Multiphase Flow</i>, Vol. 97, pp. 157-167.</p> <p>Shigeo Hosokawa, Kosuke Hayashi, Akio Tomiyama (2014) Void Distribution and Bubble Motion in Bubbly Flows in a 4x4 Rod Bundle, Part I: Experiments, <i>Journal of Nuclear Science and Technology</i>, Vol. 51, Issue 2, pp. 220-230.</p> <p>Shigeo Hosokawa, Ikumi Mikiyama, Akio Tomiyama (2013) Development of a Submersible Small Fiber LDV Probe and Its Application to Flows in a 4x4 Rod Bundle, <i>Nuclear Engineering and Design</i>, Vol. 263, pp. 342-349.</p> <p>Shigeo Hosokawa, Taishi Yamamoto, Jun Okajima, Akio Tomiyama (2012) Measurements of Turbulent Flows in a 2x2 Rod Bundle, <i>Nuclear Engineering and Design</i>, Vol. 249, pp. 2-13.</p> <p>Shigeo Hosokawa, Kosuke Hayashi, Akio Tomiyama (2009) Multi-Fluid Simulation of Turbulent Bubbly Pipe Flows, <i>Chemical Engineering Science</i>, Vol. 64, pp. 5308-5318.</p>
