

# Graduate School of Economics

## Admissions Policy

The Graduate School admits students from diverse backgrounds through various types of entrance examinations who can demonstrate potential success in completing the program, given the following qualities related to knowledge and skills, abilities to express and articulate, and attitudinal attributes.

1. Possess undergraduate level knowledge of economics, mathematics, and statistical methods.
2. Sufficient level of foreign language skills in order to cope with the trend of professional research becoming increasingly global in terms of both issues as well as outputs.
3. A strong commitment to study the frontier of economic research.

## Master's Degree Program

Major	Course	Enrollment Capacity
Economics Major	Project Course	45
	Academic Course	

\* The Graduate School of Economics has not established separate enrollment capacity for each type of entrance examination.

- The Project Course is open to applicants who have studied economics at the undergraduate level, and prepares students to master advanced and, specialized knowledge in economics, and to put together a Master's Thesis or Research Report on a topic of the student's choosing. In addition, students may advance to the Ph.D. Degree Program after passing an examination.
- The Academic Course is open to applicants who have studied economics at the undergraduate level, and prepares students to develop research skills in the various fields of economics, and to put together a Master's Thesis on a topic of the student's choosing. After completing the Master's Degree Program, students are expected to advance to the Ph.D. Degree Program.
- Course structure (applies to both courses)  
Students must earn at least 32 credits, of which a total of 12 must come from lectures, seminars, and thesis advice offered by their respective faculty advisors.
  - \* Lectures and seminars are divided into five theme-based groups and further into common subjects and basic subjects in each group. A maximum of eight basic subjects can be counted toward the number of credits required to complete the program.

**Economist Field:** Students will develop advanced, specialized knowledge and skills in economic research and analysis as specialists with thorough knowledge of the theories and statistical techniques of contemporary economics.

**Public Policy Field:** Students will develop advanced, specialized knowledge and skills they will need to pursue careers in various positions within the public sector, including in public policy analysis, fiscal policy, and local government management.

**Regional and International Economy Field:** Students will develop advanced, specialized knowledge and skills they will need to analyze and understand the contemporary economy from a regional and international perspective.

History and Society Field: Students will develop advanced, specialized knowledge and skills they will need to understand topics such as the history of the development of capitalism, social and economic thought, and socio-economic systems.

Business Economics and Finance Field: Students will develop advanced, specialized knowledge and skills they will need to understand complex issues related to management, labor, and finance in contemporary industrial and corporate contexts.

Ph.D. Degree Program

Major	Course	Enrollment Capacity
Economics Major	—	5

\*The Graduate School of Economics has not established separate enrollment capacity for each type of entrance examination.

**Note: Graduate School of Economics courses are conducted in Japanese.**

## M. Entrance examination for international students (Master's Degree Program) (for October and February applications)

### 1. Qualification

Applicants shall satisfy one of the following (1)~(5) conditions:

(including applicants who are expected to satisfy one of the following (1)~(4) conditions before enrolling at the Graduate School)

- (1) Applicants who have completed a regular 16-year program of school education outside Japan\*<sup>1</sup>.
- (2) Applicants who have graduated from Japanese universities as international students.
- (3) Persons who have completed a 3-year program or a program of more than 3 years and have been awarded a degree by an overseas university or school\*<sup>2</sup> which is recognized as being equivalent to a bachelor's degree.

(the 2016 ordinance of the Ministry of Education, Culture, Sports, Science and Technology, No. 19)

- (4) Applicants who have completed Specialized Course at Japanese special training schools after the designated date by the minister of MEXT<sup>†</sup> as international students. The training schools must satisfy the conditions designated by MEXT including that the length of term required for graduation be at least four years.

<sup>†</sup> MEXT; Japanese Ministry of Education, Culture, Sports, Science and Technology

- (5) Applicants who are recognized as having scholastic abilities equivalent or superior to the graduates of university through Qualification Screening for Entrance Examination of the Graduate School. (This requirement shall not apply to the foreigners who are recognized as having received Japanese regular school education program.)

Note;

\*1 Those enrolled in the following schools are considered to be the same as application qualification (1), as long as the period is less than four years in total.

- Elementary school, junior high school, high school etc. based on Japanese school education law
- Foreign school in Japan
- Overseas educational facilities accredited or designated by the Minister of Education, Culture, Sports, Science and Technology

\*2 The university or the school shall be evaluated by an organization approved by a relevant official institution in the country for their education and research activities or recognized as so by the Minister of Education, Culture, Sports, Science and Technology.

#### **[IMPORTANT]** Notes regarding Qualification Screening for Entrance Examination

1. Subjects: Applicants under condition (5)
2. Application procedures and deadline: Refer to 'II To be recognized before application' (in the separate file "Common Items of all Graduate Schools" p.3).
  - Note 1. Graduates (or those expected to graduate) from less than 16-year program of school education can also apply. In this case, please inquire to the Graduate School Admissions Division by the submission deadline of the documents required for the screening as soon as possible.
  - Note 2. Applicants who have received (or are expected to receive) the degrees in their home countries equivalent to those of Japanese universities can also apply. In this case, please inquire to the Graduate School Admissions Division as soon as possible.

## 2. Application documents

After you have paid the application fee of ¥35,000, submit the documents listed below.

Review “Cautionary note concerning” published in the separate file “Common Items of all Graduate Schools” on page 10-11, and carefully check your application documents for errors before submitting them.

Please clearly note the document number at the bottom right of each application document based on ‘the application document list (Check List)’. Please submit Check List as well as the application documents.

Document to be submitted (document number)	Remarks
Application form (for submission) (1)	Print out and submit after finalizing your online application.
Statement of reason for applying (in Japanese) (2)	Use the form designated by the University. This should be hand-written by the applicant.
Original transcript from all universities and / or other institutions previously attended, or a notarized document certifying courses and grades (3)	If you have transferred from another university to your current university, submit transcripts from all previous universities and other institutions as well. Submit original transcripts or transcripts that have been notarized by an embassy or other public institutions.
Original certificate of (expected) graduation from previously attended universities and / or other institutions, or a notarized document certifying (expected) graduation (4)	This document does not need to be submitted if your transcript indicates or certifies that you have graduated, or that you expect to graduate. Submit an original certificate of (expected) graduation, or a certificate of (expected) graduation that has been notarized by an embassy or other public institutions. You must submit an official certificate of (expected) graduation.
Research plan (in Japanese) (5)	Draft an overview of your proposed research plan of about 1,000 words in length on a computer using A4-size paper (horizontal text with 40 words per row and 40 rows per page). Submit one original and three copies.
Copy of resident card or passport (11)	For a resident card, submit a copy showing both sides. For a passport, submit a copy of pages showing your name, date of birth, photograph, expiration date, residence status, and the most recent period of stay.
Two photographs	Affix a photograph taken within the last three months to the application form (for submission) and to the reason of application. (The photograph affixed to your application form will be used on the student ID issued after enrollment, should you be admitted.)

Submit your transcript or certificate of (expected) graduation on which both of the entrance and (expected) graduation dates are listed.

## 3. Screening method

The Graduate School will determine whether or not to admit applicants based on a comprehensive evaluation of document screening, written examination, and oral examination.

#### 4. Examination Components

Written Examination		Oral Examination (100 points)
Specialized Subjects (100 points)	Foreign Language (100 points) (Academic course only)	Held after the written examination
10:00 am to 11:30 am (90 minutes)	1:00 pm to 2:30 pm (90 minutes)	
Examination for major and related field of your applying advisor	English	

Note 1. You will be allowed to refer to a dictionary provided by the University during the foreign language examination.

Note 2. More information about the oral examination will be provided on the day of the written examination.

Note; Please select academic advisor on applying.

The subject and academic advisors may be changed. Please check our website before application.
