International Students Entrance Examination Graduate School of Science and Engineering

Application Guidelines

Note 1: Common items of all graduate schools are published in separate files. Please check together.

Note 2: The application guidelines is the English Version for Japanese-based Program of the International Students Entrance Examination.

Note 3: The application documents which are designated by Kansai University only have Japanese Version.

II Admission Policy

Master's Degree Program

The Graduate School of Science and Engineering (Master's Degree Program) widely accepts through a variety of entrance examinations those who have the following knowledge and skills, abilities of thinking, judgement, and expression, and proactive attitudes as the graduate school students according to the Diploma Policy and Curriculum Policy of the Graduate School:

1. To have the expertise of their specialized fields on the foundation of the basic academic abilities of science and engineering in the undergraduate courses.
2. To be able to think autonomously from a global perspective, to smoothly communicate with others, and to contribute to society with their capabilities of "Think and Act" on the foundation of their learning results at the undergraduate courses.
3. To have strong willingness to study proactively their specialized academic fields.

Ph.D. Degree Program

The Graduate School of Science and Engineering (Ph.D. Degree Program) widely accepts through a variety of entrance examinations those who have the following knowledge and skills, abilities of thinking, judgement, and expression, and proactive attitudes as the graduate school students according to the Diploma Policy and the Curriculum Policy of the Graduate School:

1. To have the expertise of their specialized fields during their undergraduate courses and master's degree programs.
2. To be able to think autonomously from a global perspective, to smoothly communicate with others, and to contribute to society with their capabilities of "Think and Act" based on results of learning during their undergraduate courses and master's degree programs.
3. To have strong willingness to study proactively their specialized academic fields.

V Application Requirements

Graduate School of Science and Engineering (Master's Degree Program)

Graduate School, Major, Course and Enrollment Capacity

Graduate School	Major	Enrollment Capacity
Graduate School of Science and Engineering	Engineering Science Major	142
	Environmental and Urban Engineering Major	86
	Chemistry, Materials and Bioengineering Major	108

Note 1: The Graduate School of Science and Engineering has not established separate enrollment capacity for each type of entrance examination.

Note 2: For Fall Semester Enrollment of Master's Degree Program (July Examination), applicants cannot apply for the Mathematics Discipline of Engineering Science Major, Architecture Discipline and Civil, Environmental and Applied Systems Engineering Discipline of Environmental and Urban Engineering Major.

Master's Degree Program : International Students Entrance Examination (Spring Enrollment: October Examination and February Examination/Fall Enrollment: July Examination)

1. Qualification

Applicants shall satisfy one of the following (1)~(5) conditions:

(including applicants who are expected to satisfy one of the following (1)~(4) conditions before enrolling at the Graduate School)

- (1) Applicants who have completed a regular 16-year program of school education outside Japan (Note 1).
- (2) Applicants who have graduated from Japanese universities as international students.
- (3) Persons who have completed a 3-year program or a program of more than 3 years and have been awarded a degree by an overseas university or school (Note 2) which is recognized as being equivalent to a bachelor's degree.
(the 2016 ordinance of the Ministry of Education, Culture, Sports, Science and Technology, No. 19)
- (4) Applicants who have completed Specialized Courses at Japanese special training schools after the designated date by the minister of MEXT[†] as international students. The training schools must satisfy the conditions designated by MEXT including that the length of term required for graduation be at least four years.
[†] MEXT; Japanese Ministry of Education, Culture, Sports, Science and Technology
- (5) Applicants who are recognized as having scholastic abilities equivalent or superior to the graduates of university through Pre-qualification Individual Screening for Entrance Examination of the Graduate School. (This requirement shall not apply to the foreigners who are recognized as having received Japanese regular school education program.)

Note 1: Those enrolled in the following schools are considered to be the same as application qualification

(1), as long as the period is less than four years in total.

- Elementary school, junior high school, high school etc. based on Japanese school education law
- Foreign school in Japan
- Overseas educational facilities accredited or designated by the Minister of Education, Culture, Sports, Science and Technology

Note 2: The university or the school shall be evaluated by an organization approved by a relevant official institution in the country for their education and research activities or recognized as so by the Minister of Education, Culture, Sports, Science and Technology.

[IMPORTANT] Notes regarding Pre-qualification Individual Screening for Entrance Examination

1. Subjects:

Applicants under qualification (5)

2. Application Procedures and Deadline:

Refer to 'I Check Qualification before Applying' (in the separate file "Common Items of all Graduate Schools" p.1).

Applicants under condition (5) should pass the academic qualification test before applying, which will be composed of the document screening and oral examination.

(Note 1) Graduates (or those expected to graduate) from less than 16-year program of school education can also apply. In this case, please contact the Graduate School Admissions Division by the submission deadline of the documents for the screening as soon as possible.

(Note 2) Applicants who have received (or are expected to receive) the degrees in their home countries equivalent to those of Japanese universities can also apply. In this case, please inquire to the Graduate School Admissions Division as soon as possible.

[Important] Before submitting your application, contact the faculty member of the research field you are interested in, referring to the information in "Graduate School Information 2022" or the Graduate School of Science and Engineering website. Fill in the date you contacted the faculty member and name of the faculty member in the appropriate space on the Statement of Reason for Applying. (Excluding students currently in the Faculty of Engineering Science, Faculty of Environmental and Urban Engineering and Faculty of Chemistry, Materials and Bioengineering.) Your advisor may not be the one whom you have hoped.

2. Application Documents

After you have paid the application fee of ¥35,000, submit the documents listed below.

Review Cautionary Note published at the end of the Application Guidelines (Japanese Version), and carefully check your application documents before submitting them.

Please submit the 'Application Document List (Checklist)' as well as the application documents.

Document to be Submitted [Document Number]	Remarks
Documents to be submitted by all applicants	
Application Form (for submission) 【①】	Print out and submit after finalizing your online application.
Statement of Reason for Applying (in Japanese or English) 【②】	Use the form designated by the University. ★Must be hand-written by the applicant.
Original transcript from previously universities and / or other institutions 【③】	If you have transferred from another university to your current university, you also should submit transcripts from the previous universities and / or other institutions as well. Submit original transcripts. If you cannot submit original transcripts, please submit transcripts that have been notarized by an embassy or other public institutions.
Original certificate of (expected) graduation from previously universities and / or other institutions 【④】	Both of the entrance and (expected) graduation dates must be listed. If the above information is listed on the Application Document ③, this certificate does not need to be submitted. Submit an original certificate of (expected) graduation. If you cannot submit an original certificate, please submit a certificate of (expected) graduation that has been notarized by an embassy or other public institutions. Note) Applicants with Qualification (3) are required to submit a bachelor's degree certificate in addition to the graduation certificate.
Research Plan in Japanese or English 【⑤】	About 1,000 words in length. Submit 1 original and 3 copies. Draft an overview of your proposed research plan on a computer using A4-size paper (horizontal text with 40 words per row and 40 rows per page).
Copy of Residence Card or Passport 【⑬】	For a residence card, submit a copy showing both sides. For a passport, submit a copy of pages showing your name, date of birth, photograph, expiration date, residence status, and the most recent period of stay.
Two Photographs	Affix a photograph taken within the last 3 months to the application form (for submission) and to the reason of application. Your photographs should not be retouched or edited. (The photograph affixed to your Application Form will be used on the student ID issued after enrollment, should you be admitted.)

Document to be Submitted [Document Number]	Remarks
Applicants in the following disciplines only: Pure and Applied Physics Discipline, Mechanical Engineering Discipline, Electrical, Electronic and Information Engineering Discipline at Engineering Science Major. Architecture Discipline, Civil, Environmental and Applied System Engineering Discipline at Environmental and Urban Engineering Major.	
TOEIC or TOEFL Score Certificate 【14】 ★Please be sure to submit the original.	≪Foreign language tests required for application≫ ・ TOEIC® L&R test [OFFICIAL SCORE CERTIFICATE] ・ TOEFL iBT® test [Test Taker (Examinee) Score Report] ・ TOEFL® PBT test [Test Taker (Examinee) Score Report] (Note 1) Score certificates for the TOEIC® L&R test (IP) and the TOEFL ITP® test or other Institutional Program test will not be accepted. (Note 2) My Best™ Score of the TOEFL iBT® test will not be accepted. ≪Submitting your score certificate≫ ・ Score certificates for tests taken during the period from April 1, 2019 until the application deadline date are valid. ・ Please submit the original score certificate.

3. Screening Method

The Graduate School will determine whether or not to admit applicants based on a comprehensive evaluation of document screening, written examination and oral examination.

4. Examination Components

Written Examination		Oral Examination
Specialized Subject	Foreign Language (English)	
10:00 ~ 12:00 (120 minutes)	13:30 ~ 15:00 (90 minutes)	Held after the written examination

Note: More information about the oral examination will be provided on the day of the written examination.

5. Examination Subjects by Major and Discipline and Allotment

For Fall Semester Enrollment (July Examination), applicants cannot apply for the Mathematics Discipline of Engineering Science Major, Architecture Discipline and Civil, Environmental and Applied Systems Engineering Discipline of Environmental and Urban Engineering Major.

Major	Discipline	Examination Subject	Points	
Engineering Science Major	Mathematics	Specialized Subject	【Required】 Calculus, Linear Algebra 【Select 2 subjects from the following subjects】 Sets and General Topology, Advanced Calculus, Differential Equations, Groups and Rings	200
		Foreign Language	English	100
		Oral Examination		100
	Pure and Applied Physics	Specialized Subject	【Required】 Each 1 question in Mechanics, Electromagnetics, Mathematics (Calculus, Linear Algebra) 【Elective】 Select 1 question from Quantum Mechanics, Wave Motion, Solid-state Physics or Fluid Dynamics ※Select the examination subject when applying	200
		Foreign Language	No written examination. Scores of TOEIC or TOEFL test will be converted.	100
		Oral Examination		100

Major	Discipline	Examination Subject		Points
Engineering Science Major	Mechanical Engineering	Specialized Subject	No written examination.	—
		Foreign Language	No written examination. Scores of TOEIC or TOEFL test will be converted.	100
		Oral Examination	You will be asked about the following points: ①Basic knowledge on the Oral Examination subjects. ※Select 2 of the following 5 Oral Examination subjects when applying online: Applied Mathematics, Thermodynamics, Fluid Dynamics, Material Mechanics, Mechanical Dynamics. ②Details of previous research ③Research themes and research methods after enrollment, etc.	300
	Electrical, Electronic and Information Engineering	Specialized Subject	No written examination.	—
		Foreign Language	No written examination.	—
		Oral Examination:	Questions related to Electric Circuits, Electromagnetics, and the applied research discipline. For electric circuits, questions cover Series and Parallel Circuits, Duality, AC circuits (Steady-state Circuits), etc. For electromagnetics, questions cover Electric Charge, Electric Field, Electric Capacitance Magnetic Field, etc.	400
Environmental and Urban Engineering Major	Architecture	Specialized Subject	Short essay on your specialty (answer in Japanese)	250
		Foreign Language	No written examination.	—
		Oral Examination		150

Major	Discipline	Examination Subject		Points	
Environmental and Urban Engineering Major	Civil, Environmental and Applied Systems Engineering	Specialized Subject	Select 2 subjects: Civil Engineering and Planning; within the realm of Basic System Planning of Society and Urban and Regional Planning Hydraulics; within the realm of Basic and Applied Hydraulic and seminars Environmental Engineering; within the realm of Environmental Engineering, Environmental Planning, and Eco-system Engineering Structural Mechanics; Statically Determinate, Non-statically Determinate, Elasticity, and Elasto-Plasticity Geotechnical Engineering; Basic and Applied Geotechnical Engineering Construction Material Engineering; within the realm of Construction Material Engineering and seminars Operations Research; within the realm of Operations Research I and II Network Engineering; within the realm of Information Network, and Distributed Information System Software Engineering; within the realm of Software Engineering and Object-oriented Programming Applied Mathematics; within the realm of Infinitesimal Calculus I and II, Linear Algebra I and II, Analysis I, and Probabilistic Model Analysis ※Select the examination subject when applying	200	
		Foreign Language	No written examination. Scores of TOEIC or TOEFL test will be converted.	100	
		Oral Examination		100	
	Chemical, Energy and Environmental Engineering	Specialized Subject	Short essay on Physical Chemistry and Chemical Engineering (answer in Japanese or English) Note: You will be provided a scientific calculator.	200	
		Foreign Language	English	100	
		Oral Examination		100	
	Chemistry, Materials and Bioengineering Major	Chemistry and Materials Engineering	Specialized Subject	Short essay on Physical Chemistry and Chemical Engineering Note: You will be provided a scientific calculator.	200
			Foreign Language	English	100
			Oral Examination		100
Life Science and Biotechnology		Specialized Subject	Select 1 subject from the following subjects: Biochemistry, Molecular Biology, Microbiology, Organic Chemistry, Food and Nutritional Science ※Select the examination subject when applying	200	
		Foreign Language	English	100	
		Oral Examination		100

Graduate School of Science and Engineering (Ph.D. Degree Program)

Graduate School, Major and Enrollment Capacity

Graduate School	Major	Enrollment Capacity
Graduate School of Science and Engineering	Integrated Science and Engineering Major	47

Note: The Graduate School of Science and Engineering has not established separate enrollment capacity for each type of entrance examination.

Ph.D. Degree Program : International Students Entrance Examination (Spring Enrollment: October Examination and February Examination/ Fall Enrollment: July Examination)

1. Qualification

Applicants shall satisfy one of the following (1)~(5) conditions:

(including applicants who are expected to satisfy one of the following (1)~(3) conditions before enrolling at the Graduate School)

- (1) Applicants who have received a master's or professional degree at the graduate schools outside Japan.
- (2) Applicants who have received a master's or professional degree from Japanese graduate schools as international students.
- (3) Applicants who have completed programs and received degrees equivalent to a master's degree from the United Nations University*.

*United Nations University; established by the resolution of the General Assembly of the United Nations on December 11, 1972, as stipulated in Article 1 Paragraph 2 of the Act on Special Measures incidental to Enforcement of the Agreement between the United Nations and Japan regarding the Headquarters of the United Nations University.

- (4) Applicants designated by the minister of MEXT†. (Bulletin No. 118 of 1989)
† MEXT; Japanese Ministry of Education, Culture, Sports, Science and Technology
- (5) Applicants who are recognized as having degrees equivalent or superior or a master's degree by our graduate school and have reached the age of 24 (before enrolling at Graduate School). This requirement shall not apply to the foreigners who are recognized as having received Japanese regular school education program.

[IMPORTANT] Notes regarding Pre-qualification Individual Screening for Entrance Examination

1. Subjects:
Applicants under qualification (4) or (5)
2. Application Procedures and Deadline:
Refer to 'I Check Qualification before Applying' (in the separate file "Common Items of all Graduate Schools" p.1).

[Important] Before submitting your application, contact the faculty member of the research field you are interested in, referring to the information in "Graduate School Information 2022" or the Graduate School of Science and Engineering website. Fill in the date you contacted the faculty member and name of the faculty member in the appropriate space on the Statement of Reason for Applying. (Excluding students currently in the Graduate School of Science and Engineering at Kansai University.)

2. Application Documents

After you have paid the application fee of ¥35,000, submit the documents listed below.

Review [Cautionary Note](#) published at the end of the Application Guidelines (Japanese Version), and carefully check your application documents before submitting them.

Please submit the 'Application Document List (Checklist)' as well as the application documents.

Document to be Submitted [Document Number]	Remarks
Documents to be submitted by all applicants	
Application Form (for submission) 【①】	Print out and submit after finalizing your online application.
Statement of Reason for Applying (in Japanese or English) 【②】	Use the form designated by the University. ★Must be hand-written by the applicant.
Original transcript from previously graduate school 【③】	Submit original transcripts. If you cannot submit original transcripts, please submit transcripts that have been notarized by an embassy or other public institutions.
Original certificate of (expected) completion from previously attended graduate school, or a notarized document certifying (expected) completion 【④】	Both of the entrance and (expected) completion dates must be listed. If the above information is listed on the Application Document ③, this certificate does not need to be submitted. Submit an original certificate of (expected) completion. If you cannot submit an original certificate, please submit a certificate of (expected) completion that has been notarized by an embassy or other public institutions.
Research Plan in Japanese or English 【⑤】	About 2,000 words in length. Submit 1 original and 3 copies. Draft an overview of your proposed research plan on a computer using A4-size paper (horizontal text with 40 words per row and 40 rows per page).
Copy of Residence Card or Passport 【⑫】	For a residence card, submit a copy showing both sides. For a passport, submit a copy of pages showing your name, date of birth, photograph, expiration date, residence status, and the most recent period of stay.
Two Photographs	Affix a photograph taken within the last 3 months to the application form (for submission) and to the statement of reason for applying. Your photographs should not be retouched or edited. (The photograph affixed to your application form will be used on the student ID issued after enrollment, should you be admitted.)
Applicants who are eligible under qualification (1) to (3) above and have already submitted a master's thesis	
Outline of master's thesis in Japanese or English 【⑥】	About 2,000 words in length. Submit 1 original and 3 copies. Draft on a computer using A4-size paper (horizontal text with 40 words per row and 40 rows per page).
Copy of master's thesis in Japanese or English 【⑦】	4 copies
Applicants who are eligible under qualification (1) to (3) above and expect to submit a master's thesis	
Research results 【⑨】	4 reprints or copies each of academic articles, conference presentations, research reports and any other research papers.

3. Screening Method

The Graduate School will determine whether or not to admit applicants based on a comprehensive evaluation of document screening and oral examination.

4. Examination Components

Written Examination	Oral Examination
None	You will be notified of the start time for your oral examination on your entrance examination admission slip.

Note: The research advisors may change as needed.
