

Student Exchange Program Information Sheet
 2021-2022 Academic Year (As of February 2021)

1. General Information

1.1 Brief Introduction

Chulalongkorn University's Student Exchange Program was initiated by our cooperation with our partner universities from around the world, aiming at accepting more international students to study at Chula and, at the same time, broadening our students' international experience.

In order to manage the Student Exchange Program during the time when the COVID-19 pandemic still persists, Chulalongkorn University will allow our partner universities to nominate only the students **who wish to spend at least one year** as exchange students at Chula and their application must be accepted by the host Department/Faculty/Institute/School. However, that the students have received acceptance to the Student Exchange Program does not guarantee that they will be able to travel to Thailand. This depends on the COVID-19 situation during the actual exchange period and the decision of the COVID-19 Emergency Operation Center Committee of the University will be taken as the final verdict.

We, the Office of International Affairs and Global Network, are ready to help all exchange students to adjust their lives to the new academic environment and go through new experience while they are in Thailand.

1.2. Levels of study that exchange students can apply

Bachelor's, Master's and Doctoral degree levels.

1.3 Semester in which they may enroll:
