Information Security

In terms of information security, Kansai University determines information security policies and guidelines for use of social media.

Therefore, we prohibit you to disseminate class-related materials such as videos and documents provided without any permission.

In the event that any of these actions are recognized, it may be subject to a claim for damages based on Japanese laws.

Protection about copyrights and privacy

The following five actions are rigidly forbidden.

1 Record lectures and take pictures without any permission of professors and other classmates, as well as disseminate what you obtain in your classes on social media and the internet.

2 Disseminate others class-related materials such as audio files, videos, database and documents provided in classes, disclose them on social media and internet.

3 Provide others with URL, ID and password given to access to each class and class-related materials.

4 Bother classes such as accessing with inappropriate ways and behaving in a threatening and aggressive manner.

5 Slander related to professors and other students, as well as post inaccurate information on social media and bulletin boards.

* Recognize that other students can see what you post; therefore, make sure to be careful of managing your personal information.
