概要

Teaching and learning writing in a second language (L2) is a challenge that requires not only a variety of tasks, but also taking the time to find the appropriate tasks. The purpose of this workshop is to introduce three L2 writing tasks that are being used by language instructors in English classes at Kansai University, which will focus on three areas: collaborative writing, peer review, and developing L2 writing fluency. Participants will have a chance to see each of the tasks and learn how to teach (or use) them, and if there is sufficient time, participants may also have a chance to try the tasks.
