## “Designing Surveys for Better Understanding our Students”

日時： 2016年6月16日(木)12:20～12:50

場所： 関西大学 千里山キャンパス 岩崎記念館4階 F402

講師： **Barrie Matte**先生（関西大学 特任外国語講師）

対象： 全学教員、外国語教育に関心のある学生及び院生

### 概要

This workshop is focused on one of the most common types of testing done in language classrooms: using surveys. While surveys are a very common tool in education, they often have problems in how they are designed and administered. There are several ways to deal with these issues, some of which will be discussed in this workshop. Attendees will examine the purposes, creation, and analyses of several types of surveys, as well as complete a few sample surveys.
