ALTERNATIVE ASSESSMENT: STUDENT ATTITUDES AND CLASSROOM UTILIZATION

日時: 11月19日(火) 12:20~12:50

場所: 関西大学千里山キャンパス
岩崎記念館 4階 F401 教室

講師: オリバー・キングホーン先生(関西大学特任外国語講師)
サイモン・コーネリアス先生(関西大学特任外国語講師)

This practice-oriented workshop introduces alternative forms of assessment in the EFL classroom. Presenting findings from a 2013 study into Kansai University first year English communication class student's prevailing attitudes towards self and peer assessment, the authors will encourage seminar participants to share and reflect on the alternative forms of assessment that they have used in the classroom and whether such assessment can be an effective language learning tool. It is hoped that attendees will be encouraged to examine how they can make their own students more effective judges of their own and other's language ability and how this may help them become better language learners.
