Having done one-year studying abroad

It was a great year. I was able to do so many things. I had never experienced before. Every one around me, I helped and took good care of me in Australia. I don't think It's natural.

If we are in Japan, we can always eat favorite foods, and spend with our family, free to communicate in our native language. However, it was different for me in other countries. That's why I appreciate my lovely friends' and family's help.

There was one girl. She was my first friend in Australia. She always talked with me and taught various things about living in Australia. Because of her, I made friends who I could spend lunch time with and talk free to when I was in trouble.

I learned from her, that we should accept someone's different culture such as language, and shouldn't forget to smile and show kindness. I wouldn't to have been able to spend the best period of my life in Australia without the help of my host family, school friends, and of course her.

I realized that it is important not to lose myself and never give up in any environment and not to forget to express my thanks to the people around me. The time that we have spent is never coming back. That's why I want to keep searching for new experiences and discover new things.

What I improved from studying abroad

I had a fabulous time in America this year and also I learned tons of important things from it. But first, I would like to appreciate those who supported me to go abroad, because I could not succeed without them.

Before I left Japan, I was worried about making new friends at school, as I thought it was so hard that I could not imagine it when I was in Japan. However, I learned one thing, which was whatever happened, try to smile or to have a positive attitude and try new things as much as possible. That made me not only build good relationships with others, but also made me become more confident.

Another thing I learned while I was in America was to have my own opinion. Every single class in high school, the teacher asked students "What do you think about that?" Honestly, I hated this sentence, because it is hard to talk about what I feel even if it is in Japanese. This is because I always think about what others think about my answers. However, many of my friends answered proudly with their own opinions as soon as they got asked. I learned right or wrong did not matter, but it is important to tell our own ideas and then discuss why people think that way.

I am so proud of myself that I tried many challenges there. Sometimes it was really hard, but other times were really good memories. I'm so glad that I had the opportunity to go abroad to America. Also, during my time in America, I finally found what I want to learn after graduating from high school. It might be a good opportunity to find who you really are. I am planning to go abroad again someday!!!

イギリス研修代替プログラム English Challenge Program

8/1～8/4の4日間、少人数制英語集中プログラムを開催しました。本校で例年行っているイギリス研修の代替案として企画されたもので、中部3年生から3名、高等部1・2年生から20名の計23名が参加しました。昨年から内容もバージョンアップし、英語プレゼンテーションやディスカッションについてネイティブ講師から20時間（1200分）の授業を受け、「英語漬け」の4日間になりました。イギリスの文化やコッツウォルズ地方の名所について学んだり、毎日現地のホストファミリーや学生とZoomで交流したりしました。また、紅茶のテイastingやゲーム等もあり、それぞれ楽しく実りある時間を過ごしていました。

日本にいても海外の文化に触れ、オンラインで現地の方とコミュニケーションをとることで、異文化理解を深めることができました。

参加者の感想

- ・全ての授業が英語で行われ、毎日現地の方々と話をすることで、耳が英語に慣れていったことが良かったと思います。
- ・グループで話すときに、日本語ではなく英語を積極的に使うことで、自分が言いたいことを相手に分かりやすく伝える練習を沢山することが出来ました。
- ・どの授業もとても楽しかったですが、特に交流が楽しかったです。住んでいる国や年齢が違っていろいろな話題で盛り上がるのができて良かったです。
- ・プログラムを終えて英語漬けの4日間だったと感じました。家でも間違えて家族に英語を話してしまうぐらい、今までで1番英語に触れた機会だと感じました。プログラムでは、レッスンで興味を持った内容をその後のライブセッションで現地の方に実際に聞くことが出来たことがとても良かったと思います。

今後のオンライン交流プログラム

11月：シンガポールオンライン交流会（高等部2年生）

12月：台湾オンライン交流会（高等部1年生）

2023年3月：台湾オンライン交流会（中部2年生）
