Kansai University

In 2020, Kansai University celebrates the 134th anniversary of its founding as one of the leading comprehensive universities in Japan. Kansai University is a comprehensive private university with 13 undergraduate programs, 13 graduate programs, and 2 professional graduate schools. There are approximately 30,000 students enrolled at the university including more than 1,100 international students.

All 6 campuses of Kansai University are located in Osaka, the largest city in Western Japan. Osaka is well-known throughout history as a metropolis, at the forefront in disseminating cultural information. Other important cities such as Kyoto, Nara, and Kobe are all located within an hour's train ride, giving Kansai University's international students many opportunities to explore Japanese history and culture.

I Kansai University Japanese Language and Culture Program Preparatory Course (*Bekka*)

1 Preparatory Course (*Bekka*)

Bekka students will study at the “Minami-Senri International Plaza” situated close (15 minute bike ride) to the main campus in Senriyama. Being approximately 30 minutes away from downtown Osaka by train, the Plaza is convenient, and nestled in a beautiful and quiet living environment. The “Minami-Senri International Plaza” opened in April, 2012. The building includes a modern educational facility as well as a dormitory for international students.

2 Purpose

Kansai University Japanese Language and Culture Program Preparatory Course (*Bekka*) is in principle a one-year program. The purpose of this course is to provide instruction in the Japanese language, Japan studies, and Japanese culture to international students who intend to proceed to the next stage of education as a student at Kansai University or at other Japanese universities after passing the entrance examination. We have designed our course to meet the needs of *Bekka* students from basic language acquisition through to classes supporting academic courses.

3 Characteristics

Kansai University Japanese Language and Culture Program Preparatory Course (*Bekka*) has six important characteristics:

(1) Students will improve their ability to develop Japanese language proficiency and critical thinking skills needed for studying at undergraduate and graduate programs.

Japanese undergraduate and graduate schools expect students to have Japanese language competency to conduct academic studies. They also seek international students who demonstrate a high level of logical, analytical, and critical thinking skills coupled with practical ability in the Japanese language. Our course will provide a variety of classes to develop basic academic abilities and thinking skills in Japanese. Students can develop these skills by enrolling in classes which meet their needs while improving their Japanese language proficiency.

(2) Students will develop the ability to utilize information needed for studies at universities.

ICT (Information and Communication Technology) is an essential part of daily and university life in contemporary society. ICT is the core of *Bekka* education and it offers extensive learning opportunities with e-learning in and out of the classrooms. Students will develop information literacy skills as well as Japanese language proficiency.

(3) Students will be assisted to continue their studies at Kansai University after the Japanese Language and Culture Program.

There are several systems available for the students who intend to study at Kansai University. They are as follows:

- Those students who have sufficient Japanese proficiency to understand lecturers at university level are able to audit or register some classes in Kansai University's regular programs. These include classes in both undergraduate and graduate levels.
- Many graduate and undergraduate programs offer entrance examinations for candidates recommended by *Bekka*.
- Financial aid which constitutes a 50% reduction in the admission fee is available to *Bekka* students who intend to proceed to Kansai University.

Also, students are eligible to consult with an academic adviser regarding further education (going to the university/graduate school).

(4) Students will become a part of the Kansai University community.

Students enrolled in the *Bekka* will be immersed in school life as a member of the Kansai

University community. Students will learn the Japanese language and culture in the university environment, and experience Japanese society through their daily life. Each student will be issued with student ID to use facilities at Kansai University such as the library, IT Center, and gym. Also, students can join university club activities with prior application screening.

- (5) Students will enjoy life with other students from diverse backgrounds at the Minami-Senri International Plaza Dormitory.

The Minami-Senri International Plaza contains a modern educational facility for *Bekka* students as well as a dormitory equipped with the state-of-the-art facilities for international students. All *Bekka* students who wish to live in this dormitory are eligible to do so for one year. In this dormitory, resident assistants selected from regular students at Kansai University are assigned to each unit in order to support dormitory residents.

- (6) Students will develop intercultural adaptation through cultural exchange with students of Kansai University or people from the local community.

Minami-Senri International Plaza is a venue for study, for living and also for cultural exchange with people from the local community. Students will develop intercultural flexibility and learn how to live together within the Japanese community, as well as sharing their own cultures through attending activities at the “Intercultural Exchange Plaza.”

Applicants who reside outside of Japan

After the completion of the registration procedure, Kansai University will act as a representative in the application for a Certificate of Eligibility which is necessary to obtain the College Student visa. As soon as the Certificate of Eligibility is issued, it will be sent to the applicant with a Letter of Acceptance. The applicant must complete the process to obtain a visa at a Japanese Embassy or Consulate General in the applicant's home country immediately.

- (1) Kansai University will not act as a representative to apply for any visa status other than College Student.
- (2) Be aware that delayed completion of the registration process may result in late delivery of Certificate of Eligibility, which may hinder the applicant's entering Japan.
- (3) Kansai University will decide on the representative request based on the application. As a result of the decision, the university may request the applicant to submit additional documents to prove ability of financial support. The university will not respond to any claims made about the final decision.

The applicant is not allowed to register for this program if the application is denied, since he/she will not be eligible to stay in Japan legally. Moreover, enrollment at Kansai University with a Short Stay visa is not permitted.
- (5) Those applicants who have a history of being denied a Certificate of Eligibility for whatever reason, will not be issued one, unless the problem is resolved.
